What is SBIF: Program Mission

Launched in 1999, the City of Chicago's Small Business Improvement Fund (SBIF) promotes economic development by providing small businesses and landlords with **reimbursable grants for permanent building improvement costs**. Residential projects are not eligible.

SBIF grants use local Tax Increment Financing (TIF) revenue to reimburse grantees for the pre-approved repair or rehab of their business facilities or adjacent land acquisition. SomerCor is the program administrator contracted by the Chicago Department of Planning and Development.

Eligible Applicants:

- **Property must be in a TIF district where SBIF funds are available and the SBIF is authorized to accept applications**
- **Landlords** - commercial or industrial properties
- **Business owners** – commercial or industrial – who own or lease their places of business
- **Tenants** with prior written approval from property owner
- **Start-ups** may apply with a business plan

* A current Chicago business license is required

ELIGIBILITY LIMITS

Commercial Tenant or Owner-Occupied*

Ave. \$9M or less gross sales per year

Landlord - Commercial or Industrial

\$9M or less cumulative net worth and \$500K liquid assets max per individual

Industrial Tenant or Owner-Occupied*

200 or fewer full-time employees

*All owner-occupied properties are subject to both tenant and landlord requirements.

The maximum grant amount allowed under SBIF:

- \$250,000 maximum per industrial property
- \$150,000 maximum per single owner/tenant commercial property or landlord
- \$250,000 maximum may be granted per multiple owner/tenant commercial property, with \$75,000 maximum assistance per tenant/landlord

Applicants may receive one or more grants up to their maximum program assistance. Once this maximum is reached, the applicants will need to wait three years to reapply.

Percent of eligible project costs that can be reimbursed:

Commercial	
\$0-\$3 million in sales or net worth	90% of eligible costs
\$3-6 million in sales or net worth	60% of eligible costs
\$6-\$9 million in sales or net worth	30% of eligible costs
Industrial	
All Industrial Projects	50% of eligible costs

SBIF Grant Calculation Example:

Grace submits an application for a SBIF grant in an open district **with a total eligible project cost of \$100,000**. She is proposing **to make permanent building improvements to her existing** retail shop, for which **she is the tenant**. **Grace has been in business for 5 years**. **Over the last 3 years, her gross sales averaged \$1.5 million**.

Her breakdown of eligible costs is as follows:

Total Eligible Project Costs: \$100,000

Commercial Tenant Applicant/ gross sales under \$3M= 90% SBIF Grant

City responsibility (90%): \$90,000

Applicant responsibility (10%): \$10,000

***While not required when submitting the initial application form, please note that these items are required to complete the SBIF application process. Required documents vary depending on applicant type.**

What are the financial requirements to participate in the SBIF program?

The SBIF program is a reimbursable grant, so project participants should be prepared with financing to support the permanent building improvements. Proof of financing is not required until Stage 3, but applicants are encouraged to contact their business lender or reach out to one of the lenders listed on the SomerCor website in a timely manner.

Grantees may choose to receive their grant funds through an escrow account. DPD, in its sole discretion, may authorize up to three draws of funding from the escrow account to reimburse an Applicant as work is completed on a project. Any fees associated with the use of an escrow account will be taken out of the grant award.

Are start-ups or new businesses eligible?

Yes, most start-ups can apply. Start-up applicants will need to supply a detailed business plan and projections of the business's income and expenses for its first 36 months of operation as part of their application materials. The City of Chicago reserves the right to impose additional conditions for funding in connection with start-up business applications. If you have only been in business for 1-2 years, SomerCor requires tax returns and a projection of gross sales to equal three years of data.

Please note that bars, taverns, hotels, and motel applicants must have held their applicable license and been in business for at least one calendar year.

Am I eligible if I live outside of Chicago?

The important consideration is where you have your business/property. To participate in SBIF, your property must be in the City of Chicago, as the funding source comes from City of Chicago property taxes. If you live in another area, please call your city's planning, economic development, or community development department to see what other programs may be available to assist small business.

What if my building has both business and residential spaces?

This program is primarily for business use, but there are mixed use exceptions. For these buildings, many envelope projects such as roofing, facade improvements, and tuck pointing can be eligible.

Will there be enough SBIF funds for all applicants?

Each Tax Increment Financing (TIF) district that has the SBIF program authorized in it has limited funds reserved for the program. If demand for the SBIF funds is greater than the available funding supply, then a lottery will be conducted to determine the order in which each grant application may be accommodated. If any surplus funds become available, they will be allocated to waitlisted applicants.

Applicants for a Property located in an “INVEST South/West Corridor” shall be given priority for funding and the lottery. Applicants for a Property located in a “Target Corridor” shall be second in priority for funding and the lottery. The remaining Applicants shall be provided funding, if available, and placed on the waitlist, if applicable, after Applicants in the INVEST South/West Corridors and the Target Corridors.

Is there SBIF funding available in my district?

Every SBIF area has its own budget that the City refills if it has TIF funds available and if there is a demonstrated need for more grant money. Email the SomerCor team at sbif@somercor.com to see if there are funds in your SBIF. We also maintain an interested party list for funds, which you can also send an email to sbif@somercor.com to join. When more funding becomes available, or the City allocates more funds, we will let you know. The interested party list helps the City of Chicago gauge demand for additional funding.

What if I am in a TIF and it is not a SBIF?

Tax Increment Financing (TIF) is the mechanism that funds the Small Business Improvement Fund (SBIF). If you are in a TIF district and it does not have a SBIF, please contact your alderman.
