## **INDEPENDENT AUDITOR'S REPORT**

Members of the Commission and Management  
Special Service Area No. 5  
City of Chicago, Illinois

We have audited the accompanying financial statements of the Special Service Area No. 5 Fund of the City of Chicago, Illinois (the Fund), as of and for the year ended December 31, 2018, and the related notes to financial statements, which collectively comprise the Fund's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial positions of the governmental activities and the major fund of the Special Service Area No. 5 Fund of the City of Chicago, Illinois, as of December 31, 2018, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matter**

As discussed in Note 1A, these basic financial statements present only the Fund and are not intended to present fairly the financial position and changes in financial position of the City of Chicago, Illinois, in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

CITY OF CHICAGO, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS**

December 31, 2018

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Special Service Area No. 5 Fund of the City of Chicago, Illinois (the Fund) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Fund's accounting policies are described below.

**a. Reporting Entity**

Special Service Area No. 5 (SSA) is a taxing district authorized by the City of Chicago located in Chicago, Illinois. Its scope of services is to fund various activities to improve and enhance the Commercial Avenue commercial district. The SSA is funded by property taxes levied on properties within the SSA boundaries, which are collected by the Cook County Treasurer, and then distributed by the City of Chicago to the SSA. The Fund is reported as a special revenue fund in the City of Chicago's comprehensive annual financial report.

SSA is governed by a commission whose members are appointed by the Mayor of Chicago. The City of Chicago contracted with South Chicago Parents and Friends, Inc. (SCPF) to perform administrative duties as the service provider for this SSA during this reporting period. SCPF is an Illinois not-for-profit corporation that is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. SCPF entered into an agreement with the City of Chicago beginning September 6, 2017 to operate SSA.

**b. Fund Accounting**

The accounts of the Fund are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance related legal and contractual provisions. The minimum number of funds are maintained consistent with legal and managerial requirements.

Funds are classified into the following category: governmental.

Governmental funds are used to account for all of the government's general activities, including the collection and disbursement of restricted, committed, or assigned monies (special revenue funds) and restricted, committed, or assigned for the servicing of general long-term debt (debt service funds). The General Fund is used to account for all activities of the Fund.

**SPECIAL SERVICE AREA NO. 5**  
**CITY OF CHICAGO, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

c. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the Fund. The effect of material interfund activity, if any, has been eliminated from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, if any, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment, or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and standard revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental fund. Major individual governmental funds are reported as separate columns in the fund financial statements.

The Fund reports the following major governmental fund:

The General Fund is the Fund's primary operating fund. It accounts for all financial resources of the Fund.

d. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Fund considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a fund liability is incurred. However, debt service expenditures are recorded only when payment is due.

**SPECIAL SERVICE AREA NO. 5**  
**CITY OF CHICAGO, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

d. Measurement Focus, Basis of Accounting, and Financial Statement Presentation  
(Continued)

Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Fund.

The Fund reports deferred/unavailable revenue on its financial statements. Deferred/unavailable revenues arise when a potential revenue does not meet both the measurable and available or earned criteria for recognition in the current period. Unearned revenues also arise when resources are received by the Fund before it has a legal claim to them or prior to the provision of services, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Fund has a legal claim to the resources, the liability for deferred/unavailable and unearned revenue is removed from the financial statements and revenue is recognized.

e. Fund Equity

In the fund financial statements, governmental funds can report nonspendable fund balance for amounts that are either not spendable in form or legally or contractually required to be maintained intact. Restrictions of fund balance are reported for amounts constrained by legal restrictions from outside parties for use for a specific purpose, or externally imposed by outside entities. None of the restricted fund balance result from enabling legislation adopted by the Fund. Committed fund balance is constrained by formal actions of the Fund's Board of Commissioners, which is considered the Fund's highest level of decision-making authority. Formal actions include ordinances approved by the Board of Commissioners. Assigned fund balance represents amounts constrained by the Fund's intent to use them for a specific purpose. Any residual General Fund fund balance is reported as unassigned.

The Fund's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending, the Fund considers committed funds to be expended first followed by assigned and then unassigned funds.

In the government-wide financial statements, restricted net position is legally restricted by outside parties for a specific purpose. None of the net position is restricted as a result of enabling legislation adopted by the Fund.

**SPECIAL SERVICE AREA NO. 5**  
**CITY OF CHICAGO, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

f. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

g. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**2. DEPOSITS AND INVESTMENTS**

Illinois Compiled Statutes (ILCS) authorize the Fund to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States Government or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, and The Illinois Funds.

The Illinois Public Treasurers' Investment Pool, known as The Illinois Funds, operates as a qualified external investment pool in accordance with the criteria established in GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, and thus, reports all investments at amortized cost rather than market value. The investment in The Illinois Funds by participants is also reported at amortized cost. The Illinois Funds does not have any limitations or restrictions on participant withdrawals. The Illinois Treasurer's Office issues a separate financial report for The Illinois Funds which may be obtained by contacting the Administrative Office at Illinois Business Center, 400 West Monroe Street, Suite 401, Springfield, Illinois 62704.

**SPECIAL SERVICE AREA NO. 5**  
**CITY OF CHICAGO, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

---

**2. DEPOSITS AND INVESTMENTS (Continued)**

In addition, the City of Chicago has adopted an investment policy which provides further restrictions on the investment of the Fund's funds. It is the policy of the Fund to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Fund and conforming to all state and local statutes governing the investment of public funds, using the prudent person standard for managing the overall portfolio. The primary objectives of the policy, in order of priority are: safety, liquidity, return on investment, and simplicity of management.

**a. Deposits with Financial Institutions**

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Fund's deposits may not be returned to it. The SSA's policy in order to protect their deposits requires depository institutions to maintain collateral pledges on SSA deposits whenever the deposits exceed the insured limits of the FDIC. At December 31, 2018, the SSA had \$71,921 in uninsured and uncollateralized deposits over the FDIC limit.

**b. Investments**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the Fund limits its exposure to interest rate risk by investing in demand investments that yield a maximum amount of interest.

Credit risk is the risk that the issuer of a debt security will not pay its par value upon maturity. The Fund held no investments at December 31, 2018.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Fund will not be able to recover the value of its investments that are in possession of an outside party. The Fund held no investments at December 31, 2018.

Concentration of credit risk - The Fund did not have any investment that represented greater than 5% of its overall portfolio as of December 31, 2018.

Fair value hierarchy - The Fund categorizes its fair value measurements within the fair value established by GAAP. The hierarchy of inputs are used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 are significant unobservable inputs. The Fund held no investments subject to fair value measurement at December 31, 2018.

**SPECIAL SERVICE AREA NO. 5**  
**CITY OF CHICAGO, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**3. RECEIVABLES - TAXES**

Property taxes become an enforceable lien on real property on January 1st of the year it is levied. Taxes are payable in two installments in the subsequent year. The first installment is an estimate based on the prior year billed levy (55%) and is due in March. The second installment is due on August 1st, or 30 days from the mailing of the tax bills if issued later than July 1st. The second installment is based on the remaining amount of levy on file with the County. Bills are issued and collected by Cook County who remits the SSA's share to the City of Chicago who then remits the monies to the SSA.

**4. RELATED PARTY TRANSACTIONS**

The SSA is affiliated with SCPF which provides certain administrative services to the SSA. As of December 31, 2018, \$13,132 was payable for services provided. The balance resulted from the timing lag that (1) goods and services are being provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments are being made.

**5. CONTINGENT LIABILITIES**

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time although the Fund expects such amounts, if any, to be immaterial.

**6. PRIOR PERIOD ADJUSTMENT**

Beginning net position has been restated by \$320,410 to recognize property tax revenue in the proper period.

**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

December 31, 2018

---

**BUDGETS**

Budgets are adopted on a basis consistent with GAAP. Annual appropriated budgets are adopted for the General Fund. All annual appropriations lapse at fiscal year end.

The budget is prepared by fund, function, and activity and includes information on the past year, current year estimates, and requested appropriations for the next fiscal year.

The proposed budget is presented to the governing body for review. The governing body holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget.

The budget may be amended only by the governing body. One budget amendment in the General Fund was approved by the governing body.

Expenditures may not legally exceed budgeted appropriations at the fund level.

**SPECIAL SERVICE AREA NO. 5  
CITY OF CHICAGO, ILLINOIS**

**SUMMARY SCHEDULE OF FINDINGS**

**For the Year Ended December 31, 2018**

---

As part of our audit and request by the Special Service Area Annual Audited Financial Statement Guidelines prepared by the City of Chicago Department of Housing and Economic Development, we have read the requirements contained in the agreement for the SSA between the City of Chicago and South Chicago Parents and Friends, Inc.

Based on our understanding of the agreement and the facts surrounding the performance under the agreement, there were no findings to report in 2018.
