MEMORANDUM

Date: 8/09/05

To: Mary A. Dempsey
Interim Chief Procurement Officer
Department of Procurement Services

From: 
Brian S. Murphy
Acting Commissioner
Department of Water Management

Subject: Request for Emergency Authorization (Rx 22790)

The Department of Water Management requires tapping connection valves and sleeves. These goods are necessary for our districts. Presently there is no current contract for these goods. Accordingly, the Department of Water Management is requesting emergency authorization for this purchase in the amount of \$218,910.00.

Attached please find three quotations. We are recommending East Jordan Ironworks as they were the lowest bidder and have all goods necessary.

I certify that this emergency poses a clear and imminent danger, requiring immediate procurement services, supplies or equipment to prevent or mitigate the loss or impairment of life, health, property, or essential public services and would not have been avoided by due care and diligence.

Thank you for your assistance. If you have any questions, please call Molly Longanecker at 747-1684.
