CITY OF CHICAGO
REGULATIONS GOVERNING CERTIFICATION OF MINORITY AND WOMEN-OWNED
BUSINESS ENTERPRISES, VETERAN-OWNED BUSINESS ENTERPRISES, AND
BUSINESS ENTERPRISES OWNED OR OPERATED BY PEOPLE WITH DISABILITIES

I. PURPOSE AND APPLICABILITY

These regulations (“Regulations”) are implemented as a result of Chapter 2-92-420 *et seq.* of the amended Municipal Code (“MBE/WBE Ordinance”) authorizing a Minority and Women-Owned Business Enterprise Procurement Program, Article VIII of Chapter 2-92 (the “VBE Ordinance”), authorizing a Veteran-Owned Business Enterprise Procurement Program, and Section 2-92-586 (the “BEPD Ordinance”), authorizing a Business Enterprises owned or operated by People with Disabilities bid incentive program (collectively, the “Certification Programs”), and, except as otherwise provided herein, shall be used by the Chief Procurement Officer in all final actions with regard to determining the status of a firm as a “Minority-Owned Business Enterprise” (“MBE”), a “Women-Owned Business Enterprise” (“WBE”), a Veteran-Owned Small Local Business Enterprise (“VBE”), or a Business Enterprise Owned or Operated by People with Disabilities (BEPD) for City of Chicago (“City”) procurement purposes.

Any person who submits any document to the City affirms under penalty of perjury that the information and representations contained therein are true and correct to the best of their knowledge.

II. EFFECTIVE DATE

These Regulations shall be effective as of October 24, 2018, and shall be applicable to all requests for MBE, WBE, VBE and BEPD certification and continued eligibility in non-construction areas.

III. POLICY STATEMENT

It is the policy of the City that MBEs and WBEs, as those terms are defined in the Municipal Code of the City of Chicago, and in these Regulations, shall have the maximum feasible opportunity to participate fully in all contracts financed in whole or in part with City funds, or funds over which the City has control.

It is the policy of the City that VBEs and BEPDs, as those terms are defined in the Municipal Code of Chicago and these Regulations, are provided prime contracting and subcontracting opportunities financed in whole or in part with City funds, or funds over which the City has control.

IV. AUTHORITY AND CONTRACT REQUIREMENTS

The authority to issue these Regulations is derived in part from the MBE/WBE, VBE, and BEPD Ordinances, which mandate the promulgation of regulations governing certification of MBE, WBE, VBE and BEPD applicants, and initiation of investigatory proceedings incident to monitoring such firms’ continued entitlement to certification. The MBE/WBE Ordinance also directs the Chief Procurement Officer to establish an overall goal of awarding not less than twenty-five percent (25%) and five percent (5%) of the annual dollar value of all City contracts to MBEs and WBEs, respectively.

Pursuant to Section [2-92-440\(g\)](#) of the MBE/WBE Ordinance, the Chief Procurement Officer is directed to award City contracts requiring the expenditure of funds not exceeding \$10,000 to MBEs and WBEs, to the extent practicable. In addition, all City departments have the responsibility for, and shall undertake, all feasible means to solicit and utilize MBEs and WBEs in their contracts. All actions by and decisions of the City with respect to certification, continued eligibility, denial of certification and de-certification of any Applicant as an MBE or WBE shall be made by the Chief Procurement Officer, or in his name by his designee.

It is the intent of the Certification Programs and a requirement of these Regulations that firms claiming status as a Certified Firm for City contracting purposes shall be recognized and entitled to continued recognition as such only following their satisfactory certification by the Chief Procurement Officer in accordance with the Certification Guidelines and Eligibility Standards herein.

Except as provided below, certification shall be mandatory for all firms requesting MBE, WBE, VBE and/or BEPD status on a City contract, whether as a prime contractor, subcontractor, joint venture partner, Target Market participant or otherwise. MBE and/or WBE certification by the City is not required if a firm is certified as an MBE and/or WBE by Cook County through the City and Cook County's reciprocity agreement. Each application for certification must be submitted online, and executed under oath by an officer or owner of the Applicant, and must contain such information as may assist the Chief Procurement Officer in making a determination. Until there has been a final determination regarding an Applicant's certification, participation by such business on City contracts as a Certified Firm shall not be counted toward the established goals. However, the absence of City certification shall not prohibit any qualified certification applicant from competing for and participating in City contracts as non-Certified Firms, except in cases of certification denials based upon misrepresentation or other unlawful conduct.

V. DEFINITIONS

1. "AFFILIATION" has the same meaning the term has in the Small Business Administration (SBA) regulations, 13 CFR Part 121. Except as otherwise provided in 13 CFR Part 121, concerns are affiliates of each other when, either directly or indirectly: (1) one concern controls or has the power to control the other; or (2) a third party or parties controls or has the power to control both; or (3) an identity of interests between or among parties exists such that affiliation may be found. In determining whether persons or entities are affiliates, the city shall consider all appropriate factors, including common ownership, common management, and contractual or familial relationships.
2. "APPLICANT" means any person or firm who submits an application for certification, recertification, expansion request, or No Change Affidavit to the Chief Procurement Officer for determination of eligibility as a MBE, WBE, VBE, or BEPD.
3. "APPLICATION" means an application for certification or recertification (formerly "Schedule A"), an expansion request, or No Change Affidavit.
4. "BID INCENTIVE" means an amount deducted, for bid evaluation purposes only, from the contract base bid in order to calculate the bid price to be used to evaluate the bid on a competitively bid contract.

5. “BOARD” means the Affirmative Action Advisory Board established in Section [2-92-510](#) of the MBE Ordinance.
6. “BROKER” means a person or entity that fills orders by purchasing or receiving supplies from a third party supplier rather than out of its own existing inventory, and provides no substantial service other than acting as a conduit between its supplier and its customer.
7. “BUSINESS ENTERPRISE OWNED OR OPERATED BY PEOPLE WITH DISABILITIES” or “B.E.P.D.” means (1) a business certified by the State of Illinois as a qualified service-disabled veteran-owned small business pursuant to 30 ILCS 500/45-57; or (2) or an entity, other than an established business, that is: (a) a for-profit corporation, partnership, association, business, trust, estate, or other legal entity that is at least 51% owned (directly, indirectly, or beneficially) by one or more individuals with disabilities who manages and controls the daily business operations and management of the entity, (b) a nonprofit corporation that employs individuals with disabilities, pays them an hourly wage that is not less than the federal minimum wage and not on a piece work basis, whose management and daily business operations are controlled by one or more individuals with disabilities, and whose corporate purpose includes providing, directly or indirectly, services to individuals with disabilities, or (c) an individual with a disability who is contracting with the City as a sole proprietorship or individually.
8. “CERTIFYING AGENCY” means an entity designated by the Chief Procurement Officer under Section [2-92-495](#) of the Municipal Code of Chicago.
9. “CERTIFIED FIRM” means a firm that is currently certified by the City of Chicago as an MBE, WBE, VBE, or BEPD.
10. “CHIEF PROCUREMENT OFFICER” means the Chief Procurement Officer of the Department of Procurement Services or his or her designee.
11. “COMMERCIALLY USEFUL FUNCTION” means responsibility for the execution of a distinct element of the work of the contract, which is carried out by actually performing, managing and supervising the work involved, or fulfilling responsibilities as a joint venturer. See also Appendix A hereto.
12. “COMPLIANCE INTEGRITY AGREEMENT” means an agreement between the Chief Procurement Officer and an individual or entity that individual or entity will implement certain compliance measures designed to ensure the integrity of the certification program.
13. “CONSTRUCTION” means constructing, repairing or improving any building, bridge, roadway, sidewalk, alley, railroad or other structure or infrastructure. For the purposes of certification, construction includes North American Industry Classification System (NAICS) Codes Subsector 23.
14. “CONTRACT BASE BID” means the total dollar amount a contractor bids on a contract without factoring any bid incentive to the bid amount.
15. “CONTRACTOR” means any person or business entity that shall enter into a construction contract with the City, and includes all partners, affiliates and joint ventures of such person or entity.

16. “DECERTIFICATION” or “DECERTIFIED” means removal of certification based upon fraud, dishonesty, intentional misrepresentation of the firm’s status, or other wrongdoing by the Certified Firm, or as a result of a decertification by any other governmental agency.
17. “DEPARTMENT” means the Department of Procurement Services.
18. “DISABILITY” means, (i) with respect to an individual: (a) a physical or mental impairment that substantially limits one or more of the major life activities of that individual, such as mobility, communication, self-care, self-direction, interpersonal skills, work tolerance or work skills in terms of employability, (b) a record of such impairment, or (c) being regarded as having such an impairment; or (ii) with respect to a veteran, a disability incurred in the line of duty in the active military, naval, or air service as described in 38 U.S.C. 101(16) and determined to be a 10 percent or more disability by the United States Department of Veterans Affairs or the United States Department of Defense.
19. “ESTABLISHED BUSINESS” means a business entity, which by virtue of its size and capacity for competing in the markets in which it operates, does not need to be a full participant in the MBE/WBE Certification Program in order to effectuate the purposes of the MBE/WBE Ordinance.
20. “FAMILIAL RELATIONSHIP” means any person who is related to the owner of an applicant for certification as spouse or domestic partner or as any of the following, whether by blood or by adoption: parent, child, brother or sister, aunt or uncle, niece or nephew, grandparent, grandchild, father-in-law, mother-in-law, son-in-law, daughter-in-law, stepfather or stepmother, stepson or stepdaughter, stepbrother or stepsister or half-brother or half-sister.
21. “INELIGIBILITY” means not meeting the eligibility requirements of the City’s Certification Programs, or no longer being eligible to participate in the City’s Certification Programs based upon a failure to submit required filings, or a change in status of the firm which does not reflect fraud, dishonesty, or intentional misrepresentation of the firm’s status or other wrongdoing by the Certified Firm.
22. “JOINT VENTURE” means an association of two or more businesses formed to carry out a single business enterprise for profit, and for which purpose they combine their expertise, property, capital, efforts, skills and knowledge.
23. “LOCAL BUSINESS” means a business entity located within the counties of Cook, DuPage, Kane, Lake, McHenry or Will in the State of Illinois (hereinafter referred to as the “Six-County Region”) which has its principal office (where the business entity directs, controls and coordinates its activities) and the majority of its regular, full-time work force located within the Six-County Region.
24. “KNOWINGLY” means that a person, with respect to information, (1) has actual knowledge of the information; or (2) acts in deliberate ignorance of the truth or falsity of the information; or (3) acts in reckless disregard for the truth or falsity of the information.
25. “MAYOR” means the Mayor of the City of Chicago.

26. “MINORITY” or “MINORITY GROUP” means those individuals or groups who are in any of the following racial/ethnic groups:

- i. African-American or Black (persons having origins in any of the black racial groups of Africa);
- ii. Hispanic (persons of Spanish culture with origins in Mexico, South or Central America or the Caribbean Islands, regardless of race);
- iii. Asian American (persons having origins in any of the original peoples of East Asia, Southeast Asia, the Indian subcontinent, or the Pacific Islands);
- iv. Other groups, or other individuals, found by the Affirmative Action Advisory Board to be socially and economically disadvantaged and to have suffered actual racial or ethnic discrimination and decreased opportunities to compete in Chicago area markets or to do business with the City.

NOTE: Any member of an ethnic group not identified above who is seeking certification in the MBE/WBE program should submit, with the Application, a formal request to the Affirmative Action Advisory Board for consideration.

27. “MINORITY OWNED BUSINESS ENTERPRISE” or “MBE” means a small local business enterprise which is at least 51% owned by one or more economically disadvantaged minority persons, or, in the case of a publicly held corporation, at least 51% of all classes of the stock of which is owned by one or more economically disadvantaged minority persons, who independently manage(s) and control(s) the firm’s management, policies, major decisions and daily business operations.

28. “NON-PARTICIPATING ESTABLISHED BUSINESS” means an Established Business which is not eligible to participate in the City’s Minority- and Women- Owned Business Enterprise procurement program as set forth in Section 2-92-470 of the Municipal Code of Chicago.

29. “OWNED” means having all the customary incidents of ownership, including the right of disposition, and sharing in all risks and profits commensurate with the degree of ownership interest.

30. “PARTICIPATING ESTABLISHED BUSINESS” means an Established Business which is eligible to participate in the City’s Minority- and Women- Owned Business Enterprise procurement program as set forth in Section 2-92-470 of the Municipal Code of Chicago.

31. “PROFESSIONAL” means the Illinois licensed attorney or certified public accountant as applicable, identified as such on a certification application and accompanying documentation.

32. “TARGET MARKET” means a contract designated for competition limited to MBEs or WBEs by either a negotiated or competitive bid process pursuant to Section [2-92-460](#) of the Municipal Code of Chicago.

33. “VETERAN” means a person who has served in the United States armed forces and was discharged or separated under not dishonorable conditions.

34. “VETERAN-OWNED BUSINESS ENTERPRISE” for the purposes of the bid incentive for eligible joint ventures and veteran-owned small local businesses set forth in Section 2-92-950 of the Municipal Code of Chicago, means an enterprise which: (1) is at least 51 percent owned by one or more veterans, or in the case of a publicly held corporation, at least 51 percent of all classes of the stock of which is owned by one or more veterans, who manage(s) and control(s) the management, policies, major decisions and daily business operations; and (2) has been: (i) certified by the City as a veteran-owned small local business; (ii) certified by Cook County as a veteran business enterprise; (iii) certified by the State of Illinois as a qualified service-disabled veteran-owned small business or a qualified veteran-owned small business pursuant to 30 ILCS 500/45-57; or (iv) verified and approved by the United States Department of Veterans Affairs as a service-disabled veteran-owned small business or a veteran-owned small business.
35. “VETERAN-OWNED SMALL LOCAL BUSINESS ENTERPRISE” or “VBE” means a Veteran-Owned Business Enterprise which is also a local business and a small business enterprise, and which has been certified by the City as a veteran-owned small local business.
36. “VETERAN-OWNED SUBCONTRACTOR” means a subcontractor that: (i) is a veteran-owned small local business; (ii) holds all appropriate City licenses; and (iii) is subject to applicable City taxes; provided that a veteran-owned subcontractor shall not include the prime contractor.
37. “WILLFUL ERROR” means an error that an applicant or a professional or certifying agency knowingly made in order to obtain certification or otherwise circumvent these regulations.
38. “WOMEN-OWNED BUSINESS ENTERPRISE” or “WBE” means a small local business which has been awarded certification by the City and which is at least 51% owned by one or more women or, in the case of a publicly held corporation, 51% of the stock of which is owned by one or more women, who independently manage(s) and control(s) the firm’s management and daily business operations.

VI. ELIGIBILITY STANDARDS

The eligibility standards herein shall be used in determinations of Applicant eligibility for certification and continued eligibility as a Certified Firm. Applicant eligibility shall be thoroughly investigated and reviewed. Continued eligibility of Certified Firms will be reviewed and verified annually and as needed until recertification is required. The investigative techniques that shall be employed by the Chief Procurement Officer in determining the eligibility of Applicants will include some or all of the following, as appropriate: review of the application and supporting documentation; individual interviews of principal management officials and/or owners of the Applicant; site visits of the Applicant’s facilities; and informational solicitations from individuals, organizations and agencies having knowledge of the Applicant, and its management, ownership and proffered area(s) of specialty or expertise.

Use of additional investigative techniques shall be made in appropriate cases to verify Applicant’s Application or No Change Affidavit representations. In appropriate cases, consideration shall be given to publication by the Chief Procurement Officer, in newspapers of general circulation in the locale of the Applicant’s alleged place of business, of notice of Applicant’s submission of an Application or No Change Affidavit, identities of alleged principal officers and/or owners, alleged ownership status (i.e., MBE, WBE, VBE, or BEPD), and principal area(s) of specialty or expertise. False, erroneous or misleading statements by any Applicant regarding its performance on contracts with any person, or involvement in contracting or

certification-related irregularities with any private or governmental entity, and non-compliance with reasonable requests of the City for information concerning eligibility for certification as a Certified Firm, shall be accorded substantial weight in determining the Applicant's eligibility for certification or continued certification as a Certified Firm.

The certification process established by the City is intended to ensure that only eligible firms independently owned and controlled in both substance and form by one or more socially and economically disadvantaged persons, persons with disabilities, or veterans, as applicable, are certified. Firms who seek certification must be operational and, except for BEPD firms, in business for a profit. The minority, women, or veteran owners or owners with disabilities ("Eligible Owners") of the firm must possess the resources and the expertise to operate in the firm's field of work.

The review of each application will involve scrutiny of the following evidence, as applicable:

- A. Documents evidencing ethnicity and gender (e.g., birth certificates, naturalization papers, driver's license, or the Chicago Municipal ID card (may also be referred to as the "Chicago ID Card, the "Chicago ID", "CityKey", or "Municipal ID")), if applicable;
- B. Documents evidencing ownership of record, including Articles of Incorporation, By-laws, Partnership agreements, copies of issued stock certificates, copies of shareholder agreements, minutes of initial and most recent Board of Directors meetings and corporate income tax returns;
- C. Documentation of ownership that is demonstrated as acquired through real and substantial contributions of expertise, capital or other tangible personal assets;
- D. Documents establishing that the contributions are derived from the assets of the individual(s) include bank receipts, stock certificates, and corporate minutes;
- E. Where expertise is used as the contribution to acquire ownership interest, the Applicant should demonstrate expertise in the firm's critical operations.
- F. Documents certifying service in and discharge or separation from US armed forces under not dishonorable conditions (if applicable);
- G. Documents establishing the employment of individuals with disabilities and the payment of an hourly wage not less than the federal minimum wage, and not on a piece work basis (if applicable); and
- H. Documents establishing a nonprofit's purpose involves directly or indirectly providing services to individuals with disabilities (if applicable).

Except as provided otherwise in these Regulations, the Applicant has the burden of demonstrating, by a preponderance of the evidence, that it meets the eligibility requirements for certification set forth in these Regulations.

VII. ELIGIBILITY CRITERIA

- A. Ownership & Control: All Certified Firms must be owned and controlled by Eligible Owners.
- i. Determinations of ownership in the Applicant firm by Eligible Owners shall be made without regard to community property laws of any state. It shall be the responsibility of all Applicants to establish that they are owned and controlled by Eligible Owners. The following criteria apply:
 - a. The Eligible Owner(s) of the applicant firm must demonstrate financial resources to acquire ownership and past experience that verifies demonstrated capability to engage in business in the area for which certification is sought. It is of no consequence that other partners/owners, spouses or employees have these abilities or resources;
 - b. Control is comprised of two parts: managerial and operational. Eligible Owners must exercise responsibility for the critical areas of the Applicant's daily operations and make independent and unilateral business decisions;
 - c. The Eligible Owner(s) must demonstrate that he/she independently makes basic decisions in daily operations;
 - d. If a corporation, Eligible Owners must exercise control of the Board of Directors;
 - e. If a partnership, Eligible Owners must exercise control of the business enterprise as documented in a partnership agreement;
 - f. If a limited liability company, Eligible Owners must exercise control of the company, as documented in the articles of organization or the regulations;
 - g. Eligible Owners must possess adequate assets or resources to operate self-sufficiently in areas of finance, bonding, supervision, personnel, equipment, materials, and facilities; and
 - h. Eligible Owners must accept risks and profits commensurate with their ownership interests, as well as receive at least 51% of any dividends paid upon liquidation.
 - ii. Ownership and control by such Eligible Owners shall be real, continuing and shall go beyond the pro forma ownership of the Applicant as reflected in ownership documents. Eligible Owners shall enjoy all customary incidents of ownership and shall share in all risks and profits commensurate with their ownership interests, as demonstrated by a detailed examination of the substance of their business arrangements with others. Ownership is demonstrated by:
 - a. An ability to transfer stock, title, and possession;
 - b. Verifiable assets for acquisition derived from independently owned holdings without benefit of a transfer of assets or gift from non-eligible person(s) by other means;

- c. Documentation should be found in the business records of the Applicant. The records must clearly show the contribution of such expertise and its value to the Applicant.
 - d. Securities which represent ownership of the Applicant by Eligible Owners shall be directly and physically held by them, without limitation by non-eligible individuals. Securities held in trust or by any guardian for a minor or incompetent person or, in the appropriate case, pledged as collateral to secure any principal indebtedness of Applicant, shall be excluded from the determination of whether the Applicant is owned and controlled by eligible individuals. Except as provided in this paragraph (d), no securities or assets held in trust, or by any guardian for a minor, are considered as held by qualifying individuals in determining the ownership of a firm. However, securities or assets held in trust are regarded as held by qualifying individuals for purposes of determining ownership of the firm, if—
 - 1. The beneficial owner of securities or assets held in trust is a qualifying individual, and the trustee is the same or another such individual; or
 - 2. The beneficial owner of a trust is a qualifying individual who, rather than the trustee, exercises effective control over the management, policy-making, and daily operational activities of the firm. Assets held in a revocable living trust may be counted only in the situation where the same qualifying individual is the sole grantor, beneficiary, and trustee.
- iii. Contributions of capital or expertise by Eligible Owners to acquire their ownership interests in the Applicant must be real and substantial, and be in proportion to the interest(s) acquired. Such contributions will not be required if the Eligible Owner can demonstrate that it has received a bona fide inheritance from a deceased Relative to acquire ownership, which inheritance was not made for the purpose of obtaining certification. For purposes of this determination, a Relative shall mean an immediate family member, a sibling, a parent or a grandparent. Contributions of capital or expertise are also not required if the Eligible Owner acquires its ownership interest in the Applicant as a gift from a Relative, subject to the following exceptions. For the purposes of these Regulations, “gift” includes the acquisition of interests in a business or other assets obtained for a nominal sum or an amount below market value.
- a. For purposes of determining ownership, it is presumed that all interests in a business or other assets obtained by the individual as the result of a gift from a Relative who is: (i) substantially involved in the Applicant firm, or an affiliate of that firm; (ii) substantially involved in the same or a similar line of business; or (iii) engaged in an ongoing business relationship with the Applicant firm, or an affiliate of that firm is not held by eligible individuals.
 - b. To overcome this presumption and permit the gifted interests or assets to be counted, the Eligible Owner must demonstrate, by clear and convincing evidence, that:
 - 1. the gift or transfer to the Eligible Owner was made for reasons other than obtaining certification; and

2. the Eligible Owner actually controls the management, policy, and operations of the firm, notwithstanding the continuing participation of the Relative who provided the gift or transfer.
- iv. Insufficient contributions of capital or expertise shall include, but are not be limited to:
 - a. Promises to contribute capital or expertise in the future;
 - b. Notes payable from minority or women owners to the Applicant or owners who are not eligible individuals;
 - c. Participation in Applicant firm by an alleged Eligible Owner as mere employees; and
 - d. Provision by any alleged owner of goods, services, or equipment having an actual or estimated value based upon industry standards substantially less than the value attributed in the Application or No Change Affidavit.
 - v. Eligible Owners shall, either collectively or individually, possess the power to direct or cause the direction of management, policies and objectives of the Applicant and to make all substantive day-to-day decisions on Applicant's major and essential operations. No formal or informal restrictions of any kind shall exist which limit the customary discretion necessary to actual business control by the Eligible Owners. Unless mandated by law, no restrictions in by-law provisions, partnership agreements, or charter requirements shall exist which limit Eligible Owners from effective and continuous control of the Applicant or which prevent Eligible Owners, without the cooperation of any owner who is not an eligible individual, from making any operational business decision for the Applicant. In all cases, any business relationship between Applicant and its Eligible Owners and non-eligible individuals shall be given close scrutiny to determine conflicts with the ownership and control requirements of these regulations.
 - vi. In order to be viewed as controlling a firm, an Eligible Owner cannot engage in outside employment or other business interests that conflict with the management of the firm or prevent the individual from devoting sufficient time and attention to the affairs of the firm to control its activities. For purposes of these regulations, it shall be presumed, unless conclusively established otherwise, that the status of any eligible individual as an owner/manager of the Applicant shall require full-time participation by such person in the management of the Applicant's day-to-day activities, unless the firm operates on a part-time basis (evenings only and/or weekends) and the individual controls the firm at all times while the firm is operating. Current employment histories of all owners and managers shall be requested, reviewed and verified to determine the administrative and business expertise and involvement by such persons in activities and employment which may contradict any representation of full-time management participation.
 - vii. Absentee management or ownership by any eligible individual who does not assume and exercise an active and substantial role in Applicant's day-to-day management shall be considered in the determination of whether Applicant is owned and controlled by eligible individuals.

viii. Owners of the Applicant who are not eligible individuals shall not be vested with the primary responsibility or ability to direct its day-to-day management operations. In cases where evidence indicates that major management activities (e.g., hiring and firing of management personnel, equipment/supply/acquisitions and purchases, negotiating contracts, estimating contract costs and approval, and check signing) of the Applicant are performed by persons other than the Eligible Owners, persons actually performing such duties shall be presumed to control those aspects of the Applicant's business.

B. Viability & Independence: All Certified Firms must be viable and independent businesses.

i. "Viability" of the Applicant shall be examined with reference to its capital structure as determined from audited or auditable financial statements or income projections when the Applicant is a new business. Viability will also be determined by review of the following criteria, although review may not be limited to these areas:

- a. Possession of insurance, bonds and/or licenses mandated by applicable governmental agencies to perform the work the Applicant represents as its principal area(s) of specialty/expertise;
- b. Access to real properties and facilities from which to conduct day-to-day business operations;
- c. Employment of and/or access to employment of persons in sufficient numbers and with expertise essential to satisfactorily contract performance in its proffered area(s) of specialty/expertise;
- d. The Applicant's ownership of and/or access to equipment, goods, supplies, etc., essential to its satisfactory performance in its proffered area(s) of specialty/expertise; and
- e. Good standing with the Secretary of State or other relevant authority of the state in which the Applicant is incorporated or organized.

ii. "Independence" shall be examined with reference to the perceived ability of the Applicant to perform in its area(s) of specialty/expertise without substantial reliance upon finances, resources, expertise, manpower, facilities, or equipment of non-eligible business enterprises. Recognition of the Applicant as a separate and distinct entity by governmental taxing authorities shall not be dispositive of any Applicant's assertions of independence. Independence shall be established by reviewing the following criteria:

1. Date business was established;
2. Degree to which financial, equipment leasing, business and other relationships with firms owned by non-eligible individuals vary from normal industry practice;
3. Determination of adequacy of expertise without the need to rely upon a non-eligible individual.

- iii. In the following and other appropriate cases, the Applicant shall be closely scrutinized to determine its true abilities to operate viably and independently of non-eligible individuals or to otherwise meet the viability and/or independence criteria herein:
1. Applicant's status as a party to any long term (i.e., more than three years) contract, lease or lease agreements with non-eligible persons or firms;
 2. Applicant's status as a party to any contract, lease, or lease agreements on terms at variance with industry standards or prudent business practices;
 3. Interlocking stock ownership of the Applicant and non-eligible businesses in the same or related industry;
 4. Common directorates/officers between the Applicant and businesses owned by non-eligible individuals;
 5. Applicant's use of employees, equipment, expertise or facilities shared with or obtained from businesses owned by non-eligible individuals;
 6. The receipt by the Applicant's non-eligible owners of financial benefits (e.g., dividends, loans, salaries, and distributions) from the Applicant which exceed the proportionate ownership interests of the Eligible Owners;
 7. The Applicant's failure, after a reasonable period, to demonstrate an ability to operate as a viable entity without continuing substantial reliance upon equipment, facilities, leasing and/or creditor-debtor relationships with non-eligible individuals;
 8. Newly established firms and firms whose ownership and/or control has changed since the date of the advertisement of a specification or the date its applicant has indicated that a bid response will be submitted;
 9. Any previous and/or continuing employer-employee relationship among or between present Eligible Owners and those who are not eligible individuals to ensure that all Eligible Owners actually have the independent ownership and management responsibilities and capabilities contemplated by these regulations.
- iv. All information provided by Applicant on an Application or No Change Affidavit shall demonstrate an Applicant's ability to obligate itself contractually, without prior approval of non-eligible individuals, to a prime contractor, joint venture and/or the City in the performance of a contract, subcontract or legally binding agreement, whichever is applicable, and to perform the majority of that which it is obligated to perform through the use of its own employees and/or equipment.
- C. Except for Applicants seeking to be certified as MBEs and/or WBEs who are certified by Cook County as MBEs and/or WBEs and firms seeking to be certified as BEPDs who are certified by the State of Illinois as service-disabled veteran owned-small businesses, evidence of Applicant's certification as a certified firm (or Disadvantaged Business Enterprise, as that term is defined in [49 CFR Part 26](#)) by another governmental body or agency shall be a factor, but is not dispositive in the determination of Applicant's eligibility for certification by the City.

- D. An Applicant acting as a broker in any area of specialty is not eligible for certification in that area of specialty because a broker does not perform a commercially useful function. In addition, the performance of a Certified Firm that is acting as a broker with respect to a particular contract will not be credited toward MBE/WBE/VBE/BEPD participation in that contract. For guidance on determining whether a firm performs a commercially useful function, see Appendix A hereto.
- E. Certified Firms may be certified in more than one area of specialty or expertise, as long as the eligibility criteria are met. Applicants desiring to be certified in additional areas of competence may submit an expansion request in writing in accordance with Section VIII. Until certification is awarded, participation on a contract in an uncertified area shall not count toward fulfillment of contract goals or for the purposes of eligibility for bid incentives.

VIII. APPLICATION FOR CERTIFICATION AND CONTINUED ELIGIBILITY

- A. All prospective applicants requesting initial certification as a Certified Firm must file with the City's Department of Procurement Services a completed online Application, with all required supporting materials electronically attached. Certification awarded to any Applicant by the City shall be valid for five years from the effective date of the certification and only as to the area(s) of specialty or expertise specified therein. The firm will be decertified if it fails to annually re-validate its certification by filing annual No Change Affidavits during the five year period or if it fails to file a Recertification Application within 60 days before the expiration of the five year period.
- B. Any Certified Firm requesting continued eligibility shall file with the Department of Procurement Services a completed Recertification Application 60 days' prior to the firm's certification expiration date. All subsequent submittals may be made in the form of an annual No Change Affidavit provided no changes in ownership, management or control have occurred and the certification area remains the same. The annual No Change Affidavit should be filed no later than the end of the tenth calendar month following the effective date of the Applicant's last certification or No Change Affidavit.
- C. Certified Firms who fail to file a Recertification Application before the expiration of their current certification period shall be deemed to have had their certification lapse as of the end of the certification period and will be decertified. Failure to submit a No Change Affidavit may result in removal of the Certified Firm's certification. Once certification is removed, the Applicant may reapply by completing a new Application after waiting the period set forth in Section XI, Decertification and Ineligibility Procedures.
- D. All sworn affidavits to the Application and No Change Affidavits (inclusive of pertinent documents) must be executed by the owner or duly authorized officer of the Applicant and notarized. If such forms are signed by any party other than the president and secretary of a corporation, the general partner(s) of a partnership, or sole owner of a sole proprietorship, such party must also submit evidence of his/her authority to execute the form(s). Material factual representations in such form(s) shall be based upon the personal knowledge of the person executing the form(s). As a condition of certification or continued certification, however, the Chief Procurement Officer shall be authorized to request at any time from any Applicant such additional information as may be deemed relevant to any Applicant's status as a Certified Firm, including an updated Application.

- E. All Applicants submitting an Application, No Change Affidavit, or Recertification Application must affirm, as a pre-condition to consideration for certification that neither the Applicant nor any principal, officer, owner, or any other person having decision making authority in the Applicant, nor any affiliates of the Applicant:
- i. is currently indicted or charged with, or has admitted guilt of, or has ever been convicted of, or placed under supervision for, any criminal offense involving actual, attempted, or conspiracy to commit bribery, theft, fraud, forgery, perjury, dishonesty or deceit against an officer or employee of the City or any sister agency;
 - ii. is presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from any transactions by any federal, state or local unit of government;
 - iii. have, within a five-year period preceding the date of their application, been convicted of a criminal offense, adjudged guilty, or had a civil judgment rendered against them in connection with: obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction; a violation of federal or state antitrust statutes; fraud; embezzlement; theft; forgery; bribery; falsification or destruction of records; making false statements; or receiving stolen property;
 - iv. is presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of the offenses enumerated in the preceding paragraph (iii);
 - v. has, within a five-year period preceding the date of the Application, had one or more public transactions (federal, state or local) terminated for cause or default;
 - vi. has, within a five-year period preceding the date of the Application, been convicted, adjudged guilty, or found liable in a civil proceeding, or in any criminal or civil action, including actions concerning environmental violations, instituted by the City or by the federal government, any state, or any other unit of state or local government.
 - vii. bribed or attempted to bribe, or been convicted or adjudged guilty of bribery or attempting to bribe, a public officer or employee of the City, the State of Illinois, or any agency of the federal government or of any state or local government in the United States of America, in that officer's or employee's official capacity, or made an admission of such conduct that is a matter of record, but for which no prosecution was initiated;
 - viii. agreed or colluded with other bidders or prospective bidders, or been a party to any such agreement, or been convicted or adjudged guilty of agreement or collusion among bidders or prospective bidders, in restraint of freedom of competition by agreement to bid a fixed price or otherwise, or made an admission of such conduct that is a matter of record, but for which no prosecution was initiated;
 - ix. violated the provisions of Chicago Municipal Code Section 2-92-610 (living wage ordinance);
 - x. has been barred from contracting with any unit of state or local government as a result of engaging in or being convicted of (1) bid-rigging in violation of 720 ILCS 5/33E-3; (2) bid-rotating in violation of 720 ILCS 5/33E-4; or (3) any similar offense of any state or of the United States of America that contains the same elements as the offense of bid-rigging or bid-rotating;
 - xi. is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury or the Bureau of Industry and Security of the U.S. Department of Commerce or their successors: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List.
- F. All Applicants must, as a pre-condition to consideration for certification, provide the following information:

- i. A complete list of all current employees of the Disclosing Party who were, at any time during the 12-month period preceding the date of the Application, an employee, or elected or appointed official, of the City of Chicago, to the best of the Applicant's knowledge after reasonable inquiry.
 - ii. To the best of the Applicant's knowledge after reasonable inquiry, a complete list of all gifts that the Applicant has given or caused to be given, at any time during the 12-month period preceding the date of this application, to an employee, or elected or appointed official, of the City of Chicago. For purposes of this statement, a "gift" does not include: (i) anything made generally available to City employees or to the general public, or (ii) food or drink provided in the course of official City business and having a retail value of less than \$20 per recipient.
- G. All Applicants must also affirm, as a pre-condition to consideration for certification, as follows:
 - i. No principal, officer, owner or any person having decision-making authority or any direct or indirect interest in the Applicant may, within one year of the date of such form, have owned a direct or indirect interest in, or been financially affiliated with, any firm to which certification has been denied or withdrawn by any governmental entity where such denial or withdrawal was based, in whole or in part, upon false information contained in Application for certification that was filed with any governmental agency and was signed by such person.
 - ii. During any periods that an certification is effective, all books and records in the Applicant's and its agent's possession, which may prove or disprove eligibility, shall be open for inspection and examination by the Chief Procurement Officer, or his or her designee, upon reasonable notice.
- H. All Applications or No Change Affidavit forms filed by any Applicant for certification must authorize the Chief Procurement Officer to obtain from third persons (e.g., banks, utility companies, business references, and lessors/lessees) such information as may be deemed relevant to any Applicant's eligibility for certification.
- I. Until certification of an Applicant by the City, unless the firm is certified by Cook County as an MBE and/or WBE, participation by such Applicant as a Certified Firm in City awarded contracts shall not be counted toward fulfillment of established goals nor may its work be counted towards the percentage of work for which a bid incentive is take into consideration in the award of a contract. The absence of certification, however, shall in no way affect any Applicant's right to bid or submit a proposal for any City contract as a non-Certified Firm.
- J. Changes in an Applicant's or Certified Firm's ownership, management, officers or financial relationships which may impact the Applicant's or Certified Firm's eligibility as a Certified Firm under these regulations must be communicated by the Applicant or Certified Firm in writing to the Chief Procurement Officer within ten (10) days of such change(s). Failure to communicate such changes as required herein shall constitute grounds for the denial for certification of such Applicant or decertification of the Certified Firm.

- K. Certification shall be limited to the status (e.g., MBE, WBE, VBE, and/or BEPD) requested by the Applicant and which is determined by the Chief Procurement Officer to be most reflective of the Applicant's demonstrated specialty or expertise. The City utilizes the North American Industry Classification System (NAICS) to determine area(s) of specialty, which can be found at <http://www.census.gov/eos/www/naics/>. An Applicant may be certified in more than one status or area of expertise, so long as the eligibility criteria are met.
- L. Applicants seeking participation in City contracts in a status or in an area of specialty or expertise different from that for which certification was initially awarded may request certification in such new status or additional area(s) by submitting an expansion request or by incorporating an expansion request in the Recertification Application or No Change Affidavit. The request must be in writing and must contain information sufficient to establish that a change in status or area(s) of specialty or expertise is warranted. Until certification, participation as a Certified Firm in any City contract in a different status or additional area shall be denied. If an expansion request is denied, the Applicant cannot reapply for addition of that same status or area of specialty for one year from the date of the final determination, unless the Applicant demonstrates that extraordinary circumstances exist regarding its expansion request, and the Chief Procurement Officer determines, in her sole discretion, that the one year waiting period may be waived.
- M. It is the responsibility of the Applicant to provide the information deemed necessary by the certifying agency to determine eligibility. The burden of proof of eligibility is upon the Applicant. The following guidelines will help to clarify the application process:
1. The City's process will secure all necessary information from Applicants through a well-defined application procedure and review process. It is emphasized that certification by the City is not binding on another governmental entity.
 2. The Applicant is required to provide evidence in support of fulfilling all eligibility standards set forth in the City's Certification Regulations. Also, the files will contain all appropriate documentation in support of the certification of the firm. The following is a list of those materials which may be submitted as a part of the Application:
 - i. **Fiscal Control**
 - a. Financial records (tax returns) for at least three previous years; Copy of loan agreements (past and present);
 - b. Evidence of capital contribution to start-up or to acquire ownership; Titles to
 - c. equipment and/or vehicles;
 - d. Copies of bank signature authorization cards;
 - e. Cancelled checks;
 - ii. **Ownership**
 - a. Copies of partnership agreements;
 - b. Work history of the firm;
 - c. Resumes of principals;
 - d. Evidence of capital contribution to start-up or to acquire ownership; Articles of Incorporation and by-laws;
 - e. Copy of Minutes of Board of Directors' and/or stockholders' meeting Copy of stock certificates and/or ledgers;

- f. Interviews with references and on-site visit;
- g. Titles to equipment and/or vehicles;
- h. Income tax returns;

iii. Proof of Ethnicity/Gender

- a. Birth certificate;
- b. Naturalization papers;
- c. Permanent resident card;
- d. Passport;
- e. Driver's license;

iv. Expertise

- a. Resumes of principals;
- b. Work history of the firm;
- c. Interviews and on-site visit;
- d. Evidence of contract negotiation and execution;

v. Disability (BEPD only)

- a. Disability Declaration Affidavit for Business Enterprise owned by People with Disabilities (BEPD);
- b. Physician's Certification Regarding Disability;
- c. Documents establishing a nonprofit's purpose involves directly or indirectly providing services to individuals with disabilities (if applicable);
- d. Documents establishing the employment of individuals with disabilities and the payment of an hourly wage not less than the federal minimum wage, and not on a piece work basis (if applicable);

vi. Veteran Status (VBE only)

- a. Documents certifying service in and discharge or separation from US armed forces under not dishonorable conditions.

IX. CERTIFICATION AND NO CHANGE AFFIDAVIT PROCEDURES

- A. All Applications or No Change Affidavits will be thoroughly reviewed for material omissions of, or deficiencies with respect to information requested to be submitted on the Certification Checklist of the Application or No Change Affidavit. Applications and/or No Changes Affidavits containing omissions or deficiencies will be returned to the Applicant, along with notice from the Chief Procurement Officer delineating the nature of the omissions or deficiencies. Applications and/or No Changes Affidavits returned because of material omissions or deficiencies shall not be subject to the ninety (90) day decision requirement referred to below until such forms are resubmitted and determined to be complete by the Chief Procurement Officer.
- B. Following the receipt of a complete Application or No Change Affidavit, the Application or No Change Affidavit will be reviewed by the Chief Procurement Officer's staff assigned to the Certification Unit. This review may include, among other things, site visits, personal interviews with the Applicant, and review of specific additional information in support of the application as requested by the staff.

Any request for additional information shall be in writing and will specify that the Applicant must respond to the request within fifteen (15) calendar days. If the Applicant fails to respond within 15 calendar days and does not request an extension of time, a second request for additional information shall be sent to the Applicant allowing an additional 15 calendar days upon receipt of the second request to submit the requested information. If the Applicant does not respond within this time frame or the Applicant's response is incomplete, the staff will close the file and notify the Applicant that the Application is no longer being considered.

- C. The Chief Procurement Officer shall issue his/her determination granting the certification or continued eligibility of the Applicant as a Certified Firm, or an initial determination denying such certification or continued eligibility, within 90 days of the Chief Procurement Officer's receipt of a complete Application or No Change Affidavit from the Applicant.
- D. An initial determination denying certification or continued eligibility (Preliminary Denial) will inform the Applicant of all material facts and conclusions upon which the decision of the Chief Procurement Officer was based. It will also afford the Applicant fifteen (15) calendar days from the date of the initial determination to appeal the denial in writing. The Applicant's appeal of a Preliminary Denial will be handled in accordance with the procedures set forth in Section XII, below, except as provided in this paragraph.
- E. If the Chief Procurement Officer has reason to believe that the information contained in an Application or No Change Affidavit is inaccurate or incomplete, the Chief Procurement Officer may request the submission of a new Application or No Change Affidavit. Non-compliance with such request shall constitute grounds to deny certification of the Applicant, deny continued eligibility of a Certified Firm or to de-certify such Certified Firm.
- J. A final order or finding by a court of competent jurisdiction or administrative tribunal that any Applicant, Certified Firm, or owner, officer or agent thereof, had committed a crime in connection with performance on any contract with any private or governmental entity shall constitute grounds to deny certification of the Applicant, or deny continued eligibility of a Certified Firm.
- K. Nothing in these Regulations shall be construed to limit or in any way prohibit the City from requesting and giving due consideration to any information obtained from any source relative to any Applicant's eligibility for certification as a Certified Firm.
- L. On Recertification Applications, the Chief Procurement Officer will consider all relevant factors in determining the Applicant's eligibility for continued eligibility, including, but not limited to, the Applicant's involvement in contracting and/or bidding irregularities with any private or governmental entity; non-compliance with reasonable requests by the City for information concerning eligibility or performance on any City contract; and submission of false, erroneous or misleading information to any private or governmental entity regarding Applicant's business activities.
- M. A firm whose Application for certification or continued eligibility has been denied three (3) or more times in a five-year (5) period may not apply for certification for a period of four (4) years from the date of the most recent denial. The foregoing applies to the firm as well as its successors.

X. PROFESSIONAL DECLARATION OF ELIGIBILITY

The Professional Declaration of Eligibility Program is administered by the Department of Procurement Services. This program provides an additional certification option for eligible firms by allowing qualified attorneys, certified public accountants, and certifying agencies to attest that the Applicant meets the requirements of the certification program and that the application package does not contain any false information. This program also allows professionals and certifying agencies to attest that the Applicant for expansion of specialty areas meets the requirements of the certification program.

The Professional Declaration of Eligibility Program is only available for applicants for certification as a MBE or WBE. The Program is not available for applicants for certification as a BEPD, VBE, DBE, or Airport Concession Disadvantaged Business Enterprise (ACDBE).

- A. The department reserves the right to suspend operation of the Professional Declaration of Eligibility Program as the Chief Procurement Officer deems necessary or appropriate, and to amend, repeal or otherwise modify the rules contained herein. Provided, however, that no such suspension, amendment, repeal or modification shall affect any certification application under review by the department at the time such suspension, amendment, repeal or modification occurs.
- B. Nothing in these rules shall be construed to prevent a firm from submitting an Application to the department for review through the standard certification process.
- C. Firms not eligible for the Professional Declaration of Eligibility Program include, but are not limited to, the following:
 - (1) Applicants for DBE, ACDBE, VBE, and BEPD certification;
 - (2) MBE or WBE applicants seeking certification in construction, as defined herein, or as a supplier or distributor, as defined by the City of Chicago Policy Regarding MBE, WBE, VBE, and BEPD Certification as a Supplier, Distributor, and/or Broker;
 - (3) Any firm that has been denied by the City of Chicago for certification in the previous three years;
 - (4) Any firm that has withdrawn a certification application with the City of Chicago within the previous three years; and
 - (5) Any firm that has graduated from the City of Chicago's certification program within the previous three years.
- D. If there is a dispute over whether a firm is eligible for certification under these rules, a final determination of eligibility shall be made by the Chief Procurement Officer.
- E. No professional or certifying agency shall be eligible to participate in the Professional Declaration of Eligibility Program unless all of the following requirements are met:
 - (1) The professional is properly licensed by the State of Illinois and has been so licensed for at least three years; and
 - (2) The professional or certifying agency remains eligible to participate in the Professional Declaration of Eligibility program.
- F. For each Application, the professional or certifying agency is required to submit, on a form provided by the Department of Procurement Services, a signed and dated Professional Declaration of Eligibility Statement in which the professional or certifying agency shall be required to attest to

the City and to the person hiring or otherwise retaining the professional of record for such application that:

- (1) the professional is, as applicable, a licensed attorney or certified public accountant in the State of Illinois; has held such license for at least three years; and is in good standing with the applicable licensing board;
- (2) the professional or certifying agency does not have a familial relationship with the owner of the firm applying for certification;
- (3) the professional or certifying agency does not have an ownership interest in the firm applying for certification;
- (4) the professional has not been convicted or found liable of: (1) knowingly making a false statement of material fact on or in connection with any City application, or (2) knowingly submitting in support of any City application any document containing false or fraudulent information, or (3) knowingly affixing a false signature to any City application;
- (5) the professional or certifying agency has not been debarred or otherwise found to be ineligible to do business with the City pursuant to Section 2-92-320 or Section 1-23-020 of the Municipal Code;
- (6) the professional or certifying agency understands the City of Chicago certification rules and regulations;
- (7) the professional or certifying agency conducted a site visit of the applicant firm's facility(s) to determine eligibility for as an MBE or WBE;
- (8) the Application: (1) is complete; and (2) is, as of the date of submission, in accordance with the requirements of the Chicago MBE/WBE Ordinance and Regulations and all other applicable laws;
- (9) the applicant firm is eligible for certification as an MBE and/or WBE, or the applicant firm is eligible for certification in the expanded specialty area;
- (10) to the best of their knowledge, all information and assertions made by the professional or certifying agency in the Application and documents submitted in support of such Application are true and correct;
- (11) if the professional or certifying agency becomes aware of any false or inaccurate statement in the Application, or any document submitted in support of such Application, at any time and regardless of whether such false or inaccurate statement was made by such professional of record or by his agent or employee, the professional or certifying agency will immediately take all measures necessary to notify the Department of Procurement Services of such false or inaccurate statement;
- (12) the professional or certifying agency understands that the Chief Procurement Officer will rely upon the truth and accuracy of the attestations contained in the Professional Declaration of Eligibility Statement as the basis for issuing a certification under the City's Professional Declaration of Eligibility program; and
- (13) the professional or certifying agency understands that the Application is being approved for a certification subject to audit and/or field inspection by the City and is subject to decertification by the Chief Procurement Officer.

G. Nothing in this rule shall be construed to prohibit the Chief Procurement Officer from requiring the professional or certifying agency to make additional attestations in the Professional Declaration of Eligibility Statement.

H. No Application shall be submitted by a professional or certifying agency to the department for Professional Declaration of Eligibility unless the Applicant: (A) meets all of the requirements as of

MBE or WBE certification; and (B) submits its Application along with all completed documentation which demonstrates the Applicant's compliance with these regulations.

- I. DPS will expeditiously review an Application received through the Professional Declaration of Eligibility Program. Upon completing a review of the Professional Declaration of Eligibility and Application, DPS may grant certification, send a Preliminary Notice of Denial, or will notify the Applicant that additional information is needed. If the Application is incomplete or additional information is needed, the Application will be reviewed through the standard certification process.
- J. All Professional Declaration of Eligibility Applications are subject to audit by the Department of Procurement Services to determine whether the firm is in compliance with the requirements of the these Regulations.
- K. Following an audit by the Department of Procurement Services, the following penalties shall apply:
 1. Non-willful technical errors, as determined by the Chief Procurement Officer, made by the professional or certifying agency which did not result in a notice of proposed decertification, ineligibility, or denial of certification:
 - a) First error: The Department of Procurement Services will issue a notice to the professional or certifying agency informing him/her of the error and the need for the professional or certifying agency to review these Regulations.
 - b) Second error: The Department of Procurement Services issue a notice to the professional or certifying agency informing him/her of the error and the requirement to attend mandatory compliance sessions on the requirements of these Regulations.
 - c) Third error: The Department of Procurement Services will issue a notice to the professional or certifying agency informing him/her of the error and that the professional or certifying agency is no longer eligible to participate in the Professional Declaration of Eligibility Program.
 - d) In all instances, The Department of Procurement Services will also recommend that the professional or certifying agency refund any fees paid by the Applicant to the professional or certifying agency for the preparation and submission of the Application.
 2. Non-willful errors, as determined by the Chief Procurement Officer, made by the professional or certifying agency which resulted in a notice of proposed decertification, ineligibility, or denial of certification:
 - a) First error: The Department of Procurement Services will issue a notice to the professional or certifying agency informing him/her of the error and the requirement that the professional or certifying agency adopt a Compliance Integrity Agreement;
 - b) Second error: The Department of Procurement Services will issue a notice to the professional or certifying agency informing him/her of the error and that the professional or certifying agency is no longer eligible to participate in the Professional Declaration of Eligibility Program.
 - c) In all instances, The Department of Procurement Services will also recommend that the professional or certifying agency refund any fees paid by the Applicant to the professional or certifying agency for the preparation and submission of the Application.
 3. Willful errors, as determined by the Chief Procurement Officer, made by the professional or certifying agency without regard to the appropriateness of the certification:

- a) First error: The Department of Procurement Services will issue a notice to the professional or certifying agency informing him/her of the willful error and that the professional or certifying agency is no longer eligible to participate in the Professional Declaration of Eligibility Program. The Department of Procurement Services will also recommend that the professional or certifying agency refund any fees paid by the Applicant to the professional or certifying agency for the preparation and submission of the Application.
- b) Information regarding the willful errors shall be sent to the professional's respective licensing board for possible disciplinary action. In addition, the Department of Procurement Services shall refer the professional or certifying agency to the Office of the Inspector General for investigation and to the Department of Law for prosecution under the City's False Statements ordinance.

- L. In the event that two or more professionals employed by a firm are deemed ineligible to participate in the Professional Declaration of Eligibility Program, the Chief Procurement Officer may deem the firm that employs(ed) the professionals also ineligible to participate.
- M. Nothing in this Section X shall prevent the City from imposing any available penalties to an Applicant and/or Certified Firm for violations of the Municipal Code or these Regulations.

XI. DE-CERTIFICATION AND INELIGIBILITY PROCEDURES

- A. Any Certified Firm which is debarred by the City of Chicago, or which is declared ineligible to do business with the City of Chicago pursuant to Chapter 1-23 of the Municipal Code of Chicago, is ineligible for continued certification by the City of Chicago. Such firms are automatically ineligible for certification as of the effective date of the debarment decision, or the determination that they are ineligible to do business with the City pursuant to Chapter 1-23 of the Municipal Code, and the procedures set forth in this Section will not apply.

Upon receipt of information believed by the Chief Procurement Officer, in good faith, to be reliable and which indicates any Certified Firm's eligibility for continued certification as a Certified Firm may be in doubt, such information shall be reviewed for reconsideration of the Certified Firm's certification eligibility.

- B. If, after consideration of such information, the Chief Procurement Officer determines that the Certified Firm should be de-certified as a Certified Firm based upon fraud, dishonesty, intentional misrepresentation of the firm's status, or other wrongdoing by the Certified Firm, or as a result of a decertification by any other governmental agency, the Chief Procurement Officer shall issue a "Preliminary Notice of Intent to Decertify" to the Applicant. The Preliminary Notice shall inform the Certified Firm of all material facts upon which the decision of the Chief Procurement Officer was based. It shall also afford the Certified Firm fifteen (15) calendar days to submit a written appeal in accordance with the procedures set forth in Section XII below.
- C. If, after consideration of such information, the Chief Procurement Officer determines that the Certified Firm should be declared no longer eligible to participate in the City's Certification Programs, based upon a change in status of the applicant which does not reflect fraud, dishonesty, intentional misrepresentation of the firm's status, or other wrongdoing by the applicant, the Chief Procurement Officer shall issue a "Preliminary Notice of Ineligibility for Continued Certification" (both this notice and the Preliminary Notice of Intent to Decertify are hereinafter referred to as a

“Preliminary Notice”) to the Certified Firm. The Preliminary Notice shall inform the Certified Firm of all material facts upon which the decision of the Chief Procurement Officer was based. It shall also afford the Certified Firm fifteen (15) calendar days to submit an appeal in accordance with the procedures set forth in Section XII below.

- D. Failure of the Certified Firm to submit an appeal within the required fifteen (15) days shall cause the Chief Procurement Officer to accept the facts upon which the Preliminary Notice was based as admitted and to issue a “Notice of Decertification,” or a “Notice of Ineligibility for Continued Certification,” as appropriate, to the Certified Firm.
- E. Following the decertification or ineligibility of any Certified Firm, the name of such firm shall be removed from the directory of Certified Firms maintained by the Chief Procurement Officer.
- F. Any decision by the Chief Procurement Officer to issue a Notice of Ineligibility for Continued Certification shall not affect the certification status of any contractor on any City contract where the Certified Firm’s performance was commenced prior to the effective date of the Notice of Ineligibility for Continued Certification. Any decision by the Chief Procurement Officer with respect to de-certification of an Applicant shall mean that, as of the date of decertification, the certification status of the Applicant shall not continue on any City contract where the firm’s performance was commenced prior to the effective date of the decertification.
- G. The City may decertify a Certified Firm, or find a Certified Firm to be ineligible for continued certification, if the Chief Procurement Officer determines after review of the paper submissions or upon receipt of a recommendation from the Board that any of the following are true:
 - a. the Certified Firm no longer satisfies the applicable certification requirements;
 - b. the Certified Firm or an owner, officer or agent thereof, has made fraudulent misrepresentations to the City regarding utilization of Certified Firms or colluded with another making such misrepresentation in the preceding three years;
 - c. the Certified Firm is no longer eligible for City contracts;
 - d. the Certified Firm, or any owner, officer or agent thereof, in the preceding three years has committed a crime in connection with the execution or performance of any contract or a crime involving moral turpitude; or
 - e. the Certified Firm has been decertified by any other governmental agency.
- I. Decertification or ineligibility of a firm’s continued certification will affect the firm’s re-entry into the program in accordance with the following schedule:
 - a. Ineligible firms will not be eligible to seek re-instatement of Certification status for at least one year from the date of the “Final Notice of Ineligibility for Continued Certification,” unless the Applicant demonstrates that extraordinary circumstances exist regarding its eligibility, and the Chief Procurement Officer determines, in her sole discretion, that the one year waiting period may be waived.

- b. Firms decertified due to any false, deceptive, or fraudulent material statement, contracting irregularities, improper conduct in connection with the performance of a contract, and/or criminal activity will be ineligible to seek re-instatement of its Certification status for at least three years from the date of the “Final Notice of Decertification.”
- c. Firms decertified as a result of debarment, or as a result of ineligibility to do business with the City pursuant to Chapter 1-23 of the Municipal Code of Chicago, will not be eligible to seek re-instatement of Certification status until such time as the debarment, or determination of ineligibility pursuant to Chapter 1-23, is no longer in force.

J. Once a firm has been decertified or is determined to be no longer eligible to participate in the Certification Program(s), the dollar value of its work shall not be counted towards the contract goals and/or counted towards the percentage of work for which a bid incentive is taken into consideration in awarding a contract.

However, if a prime contractor has executed a subcontract with the ineligible firm before the firm has been notified of its ineligibility, the prime contractor may continue to use the firm on the contract and may continue to receive credit toward its contract goals for the firm’s work and the firm may continue to be counted towards the percentage of eligible subcontractors for which a bid incentive was taken into consideration. The portion of the ineligible firm’s performance of the contract remaining after the issuance of the Notice of Ineligibility may count towards the contract goals, but not towards the City’s overall goals.

If the ineligible firm’s ineligibility is caused solely by its having exceeded the size standard during the performance of the contract, its participation on that contract toward overall and contract goals may continue to be counted.

XII. APPEALS

- A. Unless otherwise provided by these Regulations, a firm may appeal a decision by the City regarding its application for certification, decertification, or eligibility by sending a letter to the Chief Procurement Officer within 15 days of receipt of a Preliminary Notice. The appeal must include a full and specific statement as to why the decision is erroneous, what significant fact or facts the Chief Procurement Officer failed to consider, and/or what provisions of these Regulations the Chief Procurement Officer did not apply. No new documents or facts may be submitted with the appeal. The Chief Procurement Officer may, in her sole discretion, request supplemental documentation from the firm. The Chief Procurement Officer has the sole discretion to accept an appeal filed later than 15 days after the receipt of a Preliminary Notice if the Chief Procurement Officer determines that there was good cause for the late filing of the appeal or in the interest of justice.
- B. The Chief Procurement Officer will make a decision solely based on the entire Certification File and the firm’s response to the Preliminary Notice and any supplemental document or information requested by the Chief Procurement Officer (collectively, the “Administrative Record”). The Chief Procurement Officer may but is not required to conduct an informal hearing in the event the Chief Procurement Officer determines that a hearing is necessary in order to make a determination. The Chief Procurement Officer’s decision will be based on the status and circumstances of the firm as of the date of the decision being appealed.
- C. The Chief Procurement Officer may supplement the Administrative Record by adding relevant

information made available to her by the Inspector General, Federal, state, or local law enforcement authorities, officials of funding and/or certification agencies, or an interested firm or private party. If supplemental information is considered, the Chief Procurement Officer will provide the appealing firm with a copy of such information upon request by the appealing firm, unless the Chief Procurement Officer is prohibited to do so by the providing party or law or regulation.

- D. The Chief Procurement Officer will affirm the decision unless she determines, based on the entire Administrative Record, that the decision was unsupported by the preponderance of the evidence or inconsistent with these Regulations.
- E. If the Chief Procurement Officer determines that the decision was unsupported by the preponderance of the evidence or inconsistent with the Regulations, the Chief Procurement Officer will reverse the decision.
- F. The Chief Procurement Officer is not required to reverse the decision if she determines that a procedural error did not result in fundamental unfairness to the appealing firm or substantially prejudice the opportunity of the appealing firm to present its case.
- G. If it appears that the Administrative Record is incomplete or unclear with respect to matters likely to have a significant impact on the outcome of the appeal, the Chief Procurement Officer may toll the appeal and allow the firm to re-apply for Certification without the one year waiting period set forth in Section XI, above.
- H. The Chief Procurement Officer will make a decision within 180 days after receiving the appeal unless the Chief Procurement Officer determines that additional time is needed to make a decision, and provides written notice to the appealing firm. All final actions and/or decisions of the Chief Procurement Officer with respect to the decertification of a Certified Firm or ineligibility of a firm shall be communicated in writing to the Certified Firm or Applicant. The communication shall inform the firm of all material facts upon which such action and/or decision was based. Based on the Chief Procurement Officer's decision, either a "Notice of Rescission" of the Preliminary Notice or a "Final Denial of Certification", "Final Notice of Decertification" or "Final Notice of Ineligibility for Continued Certification," as appropriate, will be sent to the Certified Firm or Applicant.
- I. All appeal decisions by the Chief Procurement Officer are final and binding, and are not subject to requests for reconsideration.

XIII. CERTIFICATION DIRECTORY

The Chief Procurement Officer shall issue an updated "Directory of Certified Firms." The Directory shall identify, at a minimum, all Certified Firms by name, business address, principal contact person, certification status (e.g., MBE, WBE, VBE, and/or BEPD), area(s) of specialty and/or expertise and date of certification/continued eligibility. The Directory shall be updated at least annually and shall be available to all interested persons. The Chief Procurement Officer shall maintain a master directory which shall be updated on a current, ongoing basis to include any informational changes made to the Directory during the intervening months.

XIV. REFERRAL TO CORPORATION COUNSEL

If at any time following appropriate investigation, the Chief Procurement Officer has reason to believe that any person or firm has knowingly and willfully provided incorrect information related to, or made false statements in an Application or No Change Affidavit or otherwise in relation to these Regulations, such matter shall be immediately referred to the Corporation Counsel. Such referral, however, shall be construed as a complement to, and not a limitation upon, the rights afforded the Chief Procurement Officer.

XV. REFERRAL TO INSPECTOR GENERAL

If, at any time the Chief Procurement Officer has reason to believe that any Applicant or Certified Firm has committed a crime involving bribery, theft, collusion, anti-competitive activity, or made false statements in connection with any City contract, proposed City contract or bidding irregularities, the Chief Procurement Officer shall immediately notify the City of Chicago Office of Inspector General. Upon completion of investigation, should the Inspector General determine that the allegations are founded, the Chief Procurement Officer may take any action deemed appropriate.

XVI. DISCLOSURE TO OTHER GOVERNMENTAL ENTITIES

Upon reasonable request from any governmental entity during the course of any legitimate and lawful inquiry, the Chief Procurement Officer may disclose the contents of any Application or No Change Affidavit or such other information as may be relevant to any Applicant's eligibility for certification as a Certified Firm.

XVII. NON-DISCLOSURE OF CERTIFICATION INFORMATION

Unless otherwise mandated by law, no City employee acquiring knowledge or vested with any responsibilities with respect to certifications shall disclose to any person, other than the Chief Procurement Officer, Corporation Counsel, Inspector General or other persons duly authorized to receive certification information, the content of any Application or document filed in support thereof, nor shall such employee disclose to, or discuss with any unauthorized person, information regarding deliberations by the Chief Procurement Officer with respect to certification, continued eligibility and/or decertification of any Applicant. Non-compliance with this section shall subject the employee to applicable City disciplinary actions.

XVIII. DEPOSITORY OF RECORDS

Records of all Applications for certification as a Certified Firm will be maintained by the Chief Procurement Officer. All Application files are maintained electronically. The Applicant must submit all certification documents electronically. Requests for an exception to this requirement may be granted at the discretion of the City. By electronically submitting an Application, No Change Affidavit, or Recertification Application, the Applicant agrees to have such materials, including supporting documentation, stored electronically on the City's system.

XIX. ESTABLISHED BUSINESS PRESUMPTION

- A. These Regulations establish guidelines under which the presumption that an entity certified or seeking to be certified as a Certified Firm is an Established Business may be rebutted. This Section of the Regulations governs only the certification of MBEs, WBEs, and VBEs, while certification of DBEs will be governed by applicable federal law.

The Chief Procurement Officer is responsible for determining each entity's eligibility for certification or continued eligibility as a Certified Firm. As a portion of that examination, the Chief Procurement Officer must decide whether an entity is an Established Business.

Pursuant to Section [2-92-420\(o\)](#) of the Code, and the factual findings made by the City, an entity is presumed to be an Established Business, as of the calendar year 2000, if the business entity and its affiliates have had annual receipts in excess of \$27,500,000.00 million dollars over the previous three fiscal years. The City changes this size standard presumption annually to reflect inflation in the six-county region. The most current gross receipts limit for established businesses can be found at www.cityofchicago.org/procurement. The dollar size standard accurately reflect business conditions in the six-county region, and will be used to establish the presumption of what constitutes an Established Business to the extent applicable.

- B. In those cases in which an Applicant and its affiliates are presumed to constitute an Established Business, the Chief Procurement Officer may notify the firm of the investigation into its status as an Established Business and shall allow the firm 15 calendar days to submit any evidence it has to rebut the presumption that the applicant is an Established Business.
- C. Except as stated in paragraph (vi), below, if the Chief Procurement Officer determines that an Applicant is an Established Business, the firm cannot be certified or recertified as a Certified Firm. The Chief Procurement Officer's decision shall be final with no provision for appeal. The Applicant will be notified of the decision that it is an Established Business and cannot be certified or recertified. If the entity is submitting a new application for certification, rather than a Recertification Application, the decision shall be effective as of the date of the letter and the entity will be denied certification on the basis of having exceeded the size standard and cannot receive partial credit for participation.
- i. The determination that a firm cannot receive continued eligibility because it is an Established Business shall become effective on the date specified in the notification letter of the Chief Procurement Officer's decision (the "Effective Date"); provided, however, that the Effective Date shall be no later than one year after the date of the notification. Until the Effective Date of the Chief Procurement Officer's decision that an entity is an Established Business, the entity shall be considered certified.
 - ii. An MBE and/or WBE firm which cannot receive continued eligibility because it is an established firm will be considered a Participating Established Business as of the Effective Date. A Participating Established Business may participate in the City's MBE/WBE procurement program as follows:
 - (1) For a one-year period after the business entity has become an Established Business, 75% of such business's participation in a City contract shall count for the MBE or

- WBE participation requirement set forth in subsections (a) and (d) of Section 2-92-440 of the Municipal Code of Chicago, as applicable;
- (2) For a one-year period starting on the one-year anniversary of the date the business entity became an Established Business, 50% of such business's participation in a City contract shall count for the MBE or WBE participation requirement in accordance with Section 2-92-440 of the Municipal Code of Chicago;
 - (3) For a one-year period starting on the two-year anniversary of the date the business entity became an Established Business, 25% of such business's participation in a City contract shall count for the MBE or WBE participation requirement in accordance with Section 2-92-440 of the Municipal Code of Chicago.
- iii. A Participating Established Business will remain on the City of Chicago's directory of Certified Firms and is required to notify the City of any change in its ownership, control, management, officers or financial relationships which may impact on the firm's eligibility under these Regulations in writing within ten (10) business days of such change(s). Failure to communicate such change as required herein shall constitute grounds for the denial of continued participation in the City's MBE/WBE procurement program and may be ineligible to apply for re-certification for at least three years from the three-year anniversary of the Effective Date.
 - iv. A Participating Established Business has an affirmative duty to inform any prime contractors who solicit the Participating Established Business as a subcontractor that only a percentage of its business's participation in a City contract shall count for the MBE or WBE participation requirement.
 - v. As of the Effective Date, an Established Business is not eligible to participate in the City's Target Market Program.
 - vi. An Established Business is considered to be a Non-participating Established Business starting on the three-year anniversary of the Effective Date, and shall not be eligible to participate in the City's MBE and WBE procurement program starting on that three-year anniversary date.
 - vii. An Established Business may apply for recertification at such time as it has information to show a significant change in its ownership, management, contractual relations, size, or in other functions bearing on its status as an Established Business.

XX. RE-APPLICATION

Firms that have been denied certification may re-apply for certification with the City after a period of one year from the date of the final denial letter, unless the Applicant demonstrates that extraordinary circumstances exist regarding its Application, and the Chief Procurement Officer determines, in her sole discretion, that the one year waiting period may be waived.

XXI. SUSPENSION

The certification of a Certified Firm shall be immediately suspended when an individual owner whose ownership and control of the firm are necessary to the firm's certification dies or is incarcerated.

- A. Immediate suspension may occur when (i) there is adequate evidence to believe that there has been a material change in circumstances that may affect the eligibility of the Certified Firm to remain certified, or (ii) when the Certified Firm fails to notify the Department of Procurement Services in writing of any material change in circumstances as required by these Regulations or fails to timely file a No Change Affidavit under section VIII.
- B. When a firm is suspended pursuant to part A of this section, the Certified Firm shall be immediately notified of the suspension by certified mail, return receipt requested, to the last known address of the owner(s) of the Certified Firm.
- C. Suspension is a temporary status of ineligibility pending a proceeding to determine whether the Certified Firm is eligible to participate in the program and consequently should be removed. The suspension takes effect when the Certified Firm receives, or is deemed to have received, the Notice of Suspension.
- D. While suspended, the Certified Firm may not be considered to meet a contract goal on a new contract. The Certified Firm may continue to perform under an existing contract executed before it received a Notice of Suspension and may be counted toward the contract goal during the period of suspension as long as it is performing a commercially useful function under the existing contract.
- E. Following receipt of the Notice of Suspension, if the Certified Firm believes it is no longer eligible, it may voluntarily withdraw from the program, in which case no further action is required. If the Certified Firm believes that its eligibility should be reinstated, it must provide to the Department of Procurement Services information demonstrating that the firm is eligible notwithstanding its changed circumstances within 30 days of receiving the Notice of Suspension. Upon receipt of this information, the Department of Procurement Services will either lift the suspension and reinstate the firm's certification or commence a decertification or ineligibility action under section XI. If the Department of Procurement Services commences a decertification or ineligibility proceeding, the suspension remains in effect during the proceeding.

XXII. COMPLIANCE WITH CONTRACT GOALS

On all contracts with MBE and WBE participation goals, the MBE and WBE goals are separate. Certified MBEs or WBEs may only be listed on a bidder's compliance plan as either an MBE or a WBE, but not both, to demonstrate compliance with the contract goals.

XXIII. DISCRETION OF THE CHIEF PROCUREMENT OFFICER

The Chief Procurement Officer has the discretion to rescind and/or reconsider any determination made by the Chief Procurement Officer under these Regulations if the Chief Procurement Officer discovers new information that leads her to believe that the Regulations were incorrectly applied or that a determination was erroneously made and that such incorrect application of the Regulations or erroneous decision is inconsistent with the intent of the Certification Programs. In such event, the Chief Procurement Officer may rescind a determination and may take any such other actions as necessary to ensure fairness and the integrity of these Regulations.

APPENDIX A

Determining Whether a Commercially Useful Function is Being Performed

A prime contractor receives credit toward a contract goal or incentive program (contract and overall) only when a MBE, WBE, VBE, and/or BEPD, as applicable, working on a contract performs a commercially useful function, or “CUF.” Certified Firms generally perform work on a contract either as a contractor, a supplier/regular dealer, a distributor, or a manufacturer. While each of these categories is evaluated differently when determining whether the Certified Firm has performed a CUF, there is one guiding principle that must be followed. A Certified Firm performs a CUF when it is ***responsible for the execution of a distinct element of the work of the contract, which is carried out by actually performing, managing, and supervising the work involved, or fulfilling responsibilities as a joint venturer.***

The question certification/compliance officers often face is, “What are the management, supervision, and performance actions of a Certified Firm that satisfactorily meet this requirement?” Evaluating these areas will form the basis to render a determination that a Certified Firm has in fact performed a CUF. The contract is the one key reference point for any certification/compliance officer (and prime contractor) and it is essential for this evaluation process. The contract has an effective description of the work to be performed by a Certified Firm and is a legally recognized document.

A CUF analysis includes:

- Evaluation of the amount of work subcontracted, i.e., whether it is consistent with normal industry practices;
- Whether the amount the firm is paid under the contract is commensurate with the work that is actually being performed to be credited towards the goal;
- When the Certified Firm furnishes materials, the Certified Firm must be responsible for negotiating the price, for determining the quality and quantity of the material, ordering the material, and paying for it. As a contractor, a Certified Firm would typically be hired to both furnish the material and install it with its own labor force;
- Whether the Certified Firm’s role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of participation by a Certified Firm. In essence, was the role merely a contrived arrangement for the purpose of meeting the contract goals?

The examination of similar transactions determines whether a Certified Firm is such an extra participant – particularly those performed by non-Certified Firms. A Certified Firm must have a necessary and useful role in the transaction, of a kind for which there is a market outside the context of the program. The firm’s role must not be a superfluous step added in an attempt to obtain credit towards the goal.

Normal Industry Practice

One of the most important elements to consider in any analysis of whether the Certified Firm is performing a CUF is determining whether its role on the project is consistent with “normal industry practice.” This requires a determination of whether the Certified Firm is performing the work or services in the manner normally performed by all contractors—Certified Firms and non-Certified Firms. However, even if a Certified Firm is performing pursuant to normal industry practices, if those practices, in fact, erode the ability of the Certified Firm to control its work and remain independent, the practice may affect how much can be credited toward the contracts goals and may raise questions about the Certified Firm’s eligibility. One general rule of thumb that can be considered is whether a Certified Firm would be performing in the same manner if there was no Certification Programs.

Monitoring

In keeping with normal contract requirements, it is the primary responsibility of the prime contractor to ensure that the Certified Firm is performing a CUF. The Department of Procurement Services will conduct thorough audits, including site visits by dedicated field agents, to ensure that the prime contractor has effectively met this responsibility.

Performance – CUF

Firms certified in the Certification Programs typically perform in four categories: prime or subcontractor, supplier/regular dealer, and manufacturer. The following is an overview of each category, typical CUF questions, and a list of documents to review.

While Certified Firms are occasionally awarded prime contracts, Certified Firms primarily work as subcontractors for the prime. Subcontractors typically perform specific contract items and provide their own labor and materials. To determine whether a Certified Firm subcontractor is performing a CUF, five (5) distinct operations must be considered: management, workforce, equipment, materials, and performance.

These areas must be evaluated to make a CUF determination, and situations will be reviewed on a case by case basis. Some of the CUF questions cited below may also be quite adaptable to the other types of work categories.

MANAGEMENT

The Certified must manage the work that has been contracted to its firm. Management includes, but is not limited to:

- Scheduling work operations;
- Ordering equipment and materials;
- Preparing and submitting certified payrolls;
- Hiring and firing employees.

The Certified Firm's owner must supervise daily operations, either personally, or with a full time, skilled and knowledgeable superintendent employed by and paid wages by the Certified Firm. The superintendent must be present on the job site and under the Certified Firm's owner's direct supervision. The Certified Firm's owner must make all operational and managerial decisions for the firm. Mere performance of administrative duties is not considered supervision of daily operations.

Red Flags

Red flags are questionable practices which may warrant further review. The red flags for management operations may include, but are not limited to:

- The Certified Firm's owner or superintendent provides little or no supervision of the work;
- The Certified Firm's superintendent is not a regular employee of the firm or supervision is performed by personnel associated with the prime contractor, or another business;
- Key staff and personnel are not under the control of the Certified Firm;
- The Certified Firm's owner is not aware of the status of the work or the performance of the business;
- Inquiries by City representatives are answered by the prime contractor.

Typical CUF questions could include:

- Is there a written legal document executed by the Certified Firm to perform a distinct element of work?
- Who does the on-site Certified Firm representative report to?
- Has this individual ever shown up on any other contractor's payroll?
- Has the Certified Firm's owner been present on the jobsite?

Typical documentation to evaluate:

- Written contract
- Daily inspection reports and project diaries
- Payrolls

WORKFORCE

In order to be considered an independent business, a Certified Firm must keep a regular workforce. Certified Firms cannot "share" employees with non- Certified Firm contractors, particularly the prime contractor. The Certified Firm shall perform its work with employees normally employed by and under the Certified Firm's control. All work must be performed with a workforce the Certified Firm controls. The Certified Firm, in all instances, must have direct supervision over all of its employees.

The Certified Firm must be responsible for payroll and labor compliance requirements for all employees performing on the contract and is expected to prepare and finance the payrolls. Direct or indirect payments by any other contractor are not allowed.

The Certified Firm must not subcontract a greater portion of the work than would be expected on the basis of normal industry practice for the type of work involved.

Red Flags

Some questionable workforce practices which may warrant further review include, but are not limited to:

- Supervision of Certified Firm employees by another contractor;
- Actual work is performed by personnel normally employed by the prime contractor or another business;
- Employees are paid by the prime contractor.

Typical CUF questions could include:

- Who prepares the Certified Firm's certified payroll?
- Have any of the Certified Firm's employees ever shown up on any other contractor's payroll?
- Who does the Certified Firm on-site representative contact for hiring, firing or to modify the contract due to site condition changes or change orders?
- Asking Certified Firm employees on the jobsite who they report to and who signs their checks.

Typical Documents to evaluate:

- Written contract
- Daily inspection reports and project diaries
- Certified payrolls
- Copies of cancelled checks

EQUIPMENT

A Certified Firm may lease specialized equipment from a contractor, excluding the prime, if it is consistent with normal industry practices and at rates competitive for the area. The lease must specify the terms of the agreement. The lease must be for a short period of time and involve a specialized piece of equipment to be used at the job site. The lease may include an operator for the equipment who remains on the lessor's payroll if this is a generally acceptable practice within the industry. The operation of the equipment must be subject to the full control of the Certified Firm.

The Certified Firm is expected to provide the operator for non-specialized equipment and is responsible for all payroll and labor compliance requirements. A separate lease agreement is required.

Red Flags

Some questionable equipment practices which may warrant further review include, but are not limited to:

- Equipment used by the Certified Firm belongs to the prime contractor or another contractor with no formal lease agreement;
- The equipment signs and markings cover another owner's identity, usually through the use of magnetic signs;

Typical CUF questions could include:

- List the major self-propelled (engine) equipment used by the Certified Firm. Determine if the equipment belongs to the Certified Firm. Is it owned or leased?

- If leased, is there an agreement identifying the terms and parties? Is it signed by the Certified Firm owner?
- Does the equipment have the Certified Firm's markings or emblems?
- Is the equipment under the direct supervision of the Certified Firm?
- Is the operator of the leased equipment the Certified Firm's employee?
- If the equipment is leased, is the payment for the equipment deducted from the work performed?

Typical Documents to evaluate:

- Written contract
- Daily inspection reports and project diaries
- Leases

MATERIALS

For a Certified Firm contractor (furnish and install) to receive credit for supplying materials, the Certified Firm must perform the following four functions: (1) negotiate price; (2) determine quality and quantity; (3) order the materials; and (4) pay for the material itself. If the Certified Firm does not perform all of these functions, it has not performed a CUF with respect to obtaining the materials, and the cost of the materials may not be counted toward the contract goals. Invoices for the material should show the payor as the Certified Firm.

While the regulations require consideration of normal industry practices, this does not overrule the requirement that the Certified Firm perform the four functions enumerated above. For example, even if standard industry practices in certain areas of the country allow no subcontractor to perform all four functions enumerated above (e.g. manufacturers will only negotiate with a prime, thereby eliminating the Certified Firm's ability to negotiate the price), the "furnish" portion of the transaction does not lend itself to the performance of a CUF by the Certified Firm, and credit cannot be given for the acquisition or cost of the materials.

Red Flags

Some questionable material supply practices which may warrant further review include, but are not limited to:

- Materials for the Certified Firm are ordered, or paid for, by the prime contractor;
- Two party checks or joint checks are sent by the prime to the supplier or manufacturer, instead of sent by the Certified Firm;
- Materials or supplies necessary for the Certified Firm's performance are delivered to, billed to, or paid by another business;
- Materials are delivered to the jobsite by a party separate from the Certified Firm;
- Payment for materials is deducted by the prime contractor from payments to the Certified Firm for work performed;
- A Certified Firm prime contractor only purchases materials while performing little or no work.

Typical CUF questions could include:

- Is there a written contract executed by the Certified Firm to perform a distinct element of work? Is the work to be performed by a Certified Firm a "furnish and install" item of work?

- Who makes arrangements for delivery of materials?
- Who are the material invoices made out to?
- Who scheduled delivery of materials?
- In whose name are materials shipped?
- Who actually delivered the materials?
- If two party checks are used, who are the parties identified as payable to?

Typical Documentation to evaluate:

- Written contract
- Delivery tickets
- Invoices
- Daily inspection reports and project diaries

PERFORMANCE

The Certified Firm must be responsible for the performance, management and supervision of a distinct element of the work, in accordance with normal industry practice (except where such practices are inconsistent with the Regulations).

Red Flags

Some questionable performance practices which may warrant further review include, but are not limited to:

- Work is being done jointly by the Certified Firm and another contractor;
- The work to be performed by the Certified Firm is outside of the Certified Firm's known experience or capability;
- Any portion of the work designated to be performed by a Certified Firm subcontractor is performed by the prime contractor or any other firm;
- The Certified Firm is working without a subcontract;
- An Certified Firm prime contractor subcontracts more than 50% of the contract value;
- The agreement between the prime contractor and Certified Firm artificially inflates the Certified Firm participation;
- An agreement that erodes the ownership, control or independence of the Certified Firm subcontractor;
- A Certified Firm works for only one prime contractor, or a large portion of the firm's contracts are with one contractor;
- The volume of work is beyond the capacity of the Certified Firm.

Typical CUF questions could include:

- Does the Certified Firm on-site representative effectively manage the job site without any interference from the prime contractor?
- Does the Certified Firm appear to have control over methods of work on its contract items?
- Is the Certified Firm actually scheduling work activities, material deliveries and other related actions required for execution of the work?
- Has any other contractor performed any amount of work specified in the Certified Firm's contract?

Typical Documents to evaluate:

- Written contract
- Daily inspection reports or project diaries 8

CERTIFIED FIRM SUPPLIERS/REGULAR DEALERS

In order for a firm to operate as a supplier/regular dealer, it must perform a CUF, and must also comply with other requirements applicable to suppliers/regular dealers. It must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. In addition, a supplier/regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business, except as noted below.

It is important to make a distinction between a supplier/regular dealer and a firm that supplies a product on an *ad hoc* basis in relation to a particular contract or contractor. A supplier/regular dealer has a regular trade with a variety of customers. One of the key considerations of being a regular, established dealer is the presence of an inventory of materials and/or supplies. A supplier/regular dealer assumes the actual and contractual responsibility for the provision of the material and/or supplies.

A firm may be a supplier/regular dealer in bulk items such as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business if the firm both owns and operates distribution equipment for the products. Any supplementing of suppliers/regular dealers' own distribution equipment shall be by a long-term lease agreement and not on an *ad hoc* or contract-by-contract basis.

If a Certified Firm meets the requirements of a supplier/regular dealer, 60% of the cost of the materials, if reasonable, may count toward the contract goal. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not suppliers/regular dealers.

Typical CUF questions could include:

- Does the supplier/regular dealer have an established storage facility and inventory?
- Does the supplier/regular dealer have a business that sells to the public on a routine basis in the product being supplied?
- Does the business stock the product for use on the project as a normal stock item?
- Who is delivering and unloading the material?
- Is distribution equipment owned or leased long term by the Certified Firm being used in delivering the product?

Typical Documentation to evaluate:

- Purchase Orders

- Invoices
- Delivery Tickets

A supplier must be able to provide the following documentation:

- A current lease for the warehouse, store or other establishment in which inventory is kept.
- A complete inventory list that includes items representing the category in which it is certified and the approximate value of the inventory.
- An explanation as to how the inventory was acquired (i.e. from a wholesaler or manufacturer).
- Copies of invoices to support that the firm is operating as a supplier in the applicable specialty area(s).
- Annual market forecasts for the amount of product in the applicable specialty area(s) that the vendor plans to sell and their proposed customers.
- Product activity reports of sales made in the previous year for the applicable specialty area(s).

CERTIFIED FIRM DISTRIBUTORS

Firms not operating as a supplier/regular dealer (or as a broker as defined in accordance with Section 2-92-420 of the Municipal Code of Chicago) may be considered a distributor. In order for a firm to operate as a distributor, it must perform a CUF, and must also comply with other requirements applicable to distributors. See “Typical Documentation to evaluate,” below.

It is important to make a distinction between a distributor and a broker. A distributor sells products pursuant to an agreement with a manufacturer under which the distributor provides clearly identified products to its customers. A manufacturer may contract with one or more distributors to sell its products (i.e., a distributorship may or may not be exclusive), but the general public cannot purchase the products directly from the manufacturer. A person or entity that fills orders by purchasing or receiving supplies from a third party supplier rather than out of its own existing inventory and provides no substantial service other than acting as a conduit between his or her supplier and his or her customer is a broker. Pursuant to § 2-92-480 of the Municipal Code of Chicago, **no participation credit will be given where Certified Firms perform the duties of a broker.**

If a Certified Firm meets the requirements of a distributor, 60% of the cost of the products, if reasonable, may count toward the contract goal. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not distributors.

Typical CUF questions could include:

- Who is delivering and unloading the material?
- Is distribution equipment owned or leased long term by the Certified Firm being used in delivering the product?
- Does the Certified Firm have a distribution agreement?

Typical Documentation to evaluate:

- Purchase Orders
- Invoices
- Delivery Tickets

A distributor must be able to provide the following documentation:

- Current (no older than one year old) annual distributor or manufacturer's agreements that clearly identify the products that the certified vendor can provide that correspond with the certification categories.
- A description of the manufacturer's qualifications for its exclusive distributors and/or manufacturer's representatives on the manufacturer's letterhead.
- Indication on the manufacturer's letterhead that the product cannot be secured by the general public. The letter must also include the defined region for the agreement, the number of distributors within the region and whether or not the agreement is exclusive with the certified vendor.
- Copies of documentation that support a sample product distribution flow (for a customer other than the City of Chicago) for each specialty area, which includes, but is not limited to:
 - a. The invoice supporting the sale of the product to the customer.
 - b. The invoice supporting the receipt of the product from the manufacturer by the vendor seeking initial or continued certification.
 - c. Proof of payment from the customer.
 - d. Proof of actual delivery using a common carrier that was paid for by the vendor seeking initial or continued certification to support that the product was drop shipped or delivered "just in time."
 - e. Annual market forecasts for the amount of product the vendor plans to sell annually and the proposed customers.
 - f. Product activity reports of sales made in the last year to the firm's top five customers.

CERTIFIED FIRM MANUFACTURERS

A manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications. Examples of such items could be a concrete ready mix plant, a crushing operation, or a steel or concrete fabricating plant.

Typical CUF questions could include:

- Is the business's primary function to manufacture products?
- Does the business stock the product altered for this project as a normal stock item?
- Is the quality of the materials controlled by the Certified Firm?
- Does the Certified Firm purchase the raw material used in its plant?

Typical Documents to evaluate:

- Purchase orders
- Bill of lading
- Shipping tickets

Sanctions for Compliance and Enforcement

The prime contractor is ultimately responsible for ensuring that a Certified Firm performs a CUF. Failure of a Certified Firm to perform a commercially useful function will result in the City taking specific definitive actions to enforce the CUF requirement of the contract. Some of the actions the City could take include, but are not limited to, the following:

- Deny or limit credit towards the contract goal;
- Require the prime to make good faith efforts to replace the Certified Firm to meet the goal on remaining work;
- Assess liquidated damages;
- Terminate the contract.

Some questions that could be part of an evaluation procedure:

- If a CUF was not performed by the Certified Firm, what action was taken to correct the deficiency?
- Did the action taken correct the deficiency?

List of Typical Documentation to Collect:

- Executed contracts
- Material/ supply agreements
- Invoices of materials/supplies
- Equipment titles of ownership
- Equipment lease/rental agreements
- Hauling tickets
- Delivery tickets
- Canceled checks
- Project inspection/diaries
- Payroll records

When a Certified Firm is presumed not to be performing a CUF, the Certified Firm may present evidence to rebut this presumption. Decisions regarding CUF determinations are subject to review by the City.

CUF & Certification

Certification and commercially useful function are separate and distinct issues. Certification decisions address the nature of a firm's ownership and structure while CUF primarily concerns the role a firm has played in a particular transaction. Even if the certification process has identified the Certified Firm's ability to perform as a contractor, supplier/regular dealer, distributor, or manufacturer, it is important to review and determine what and how a Certified Firm actually performs during the performance of the contract.

A Certified Firm's repeated failure to perform a CUF may raise questions regarding the firm's control, as it relates to independence, and perhaps ownership. If there is evidence of a pattern of failing to perform a CUF that raises serious issues with the firm's ability to control the work and its independence from the non- Certified Firm, the City may decertify the firm.

In cases of deliberate attempts to circumvent the intent of the Certification Programs, or fraud, these actions may lead to criminal prosecution of both the prime contractor and the Certified Firm. If fraud is suspected, the City will notify the Office of the Inspector General.

COMMERCIALLY USEFUL FUNCTION CHECKLIST

Project Name and Number: _____

Prime Contractor: _____

Certified Firm's Name: _____

Type of Operation

- Contractor
- Supplier/regular dealer
- Distributor
- Manufacturer

Date Contract/Subcontract/Agreement Approved: _____

Start Date(s) of Certified Firm's Work: _____ Date Certified Firm to Complete Work: _____

Date of review: _____

Describe the type of work observed: _____

Check off each item used in conducting this review. The documents checked need not be attached to the review report, but should be filed with the report for easy reference if needed. If the answer is no to any of the following questions, provide an explanation in the general notes at the end of the report.

1. Management:

a. Is there a legal contract executed by the Certified Firm to perform a distinct element of work?

- Yes No

b. Name of the on-site representative: _____

c. On-site representative reports to: _____

d. Has the on-site representative been identified as an employee of the Certified Firm?

- Yes No

e. Has this individual ever appeared on any other contractor's payroll?

- Yes No

f. Does the Certified Firm on-site representative effectively manage the job without interference from any other non-Certified Firm contractor?

- Yes No

g. Who does the Certified Firm on-site representative contact for hiring, firing, or to modify the contract?

h. Has the Certified Firm owner been present on the jobsite?

- Yes No

i. Does the Certified Firm appear to have control over methods of work on its contract items?

- Yes No

j. Is the Certified Firm maintaining its own payroll?

- Yes No

k. Who prepares the Certified Firm s certified payroll? _____

l. Is the Certified Firm actually scheduling work activities, material deliveries and other related actions required for prosecution of the work?

- Yes No

m. Did the Certified Firm subcontract any items or portions of the work to any other firm?

- Yes No

If yes, what % was subcontracted? _____%

Name of the firm _____

2. Equipment:

a. List the major self-propelled (engine) equipment used by the Certified Firm: _____

b. Does the equipment have the Certified Firm’s markings or emblems?

- Yes No

If another firm’s markings are discernible, note the name: _____

c. Is the Certified Firm’s equipment?

- Owned Leased from _____

d. If leased, is there a formal agreement identifying the terms and parties?

- Yes No

e. Is the equipment under the direct supervision of the Certified Firm?

- Yes No

f. Is the operator of the leased equipment the Certified Firm’s employee?

- Yes No

If not the Certified Firm’s, whose employee is he/she? _____

g. If the equipment is leased, is the payment for the equipment deducted from the work performed?

- Yes No

3. Workforce:

a. List the name of Certified Firm’s crew as observed during the operation described above:

b. Has any of this crew ever shown up on any other contractors’ payroll?

- Yes No

c. Does the Certified Firm's workforce know who they work for?

Yes No

4. Materials:

a. Is the Certified Firm contracted to furnish and install a contract item?

Yes No

b. Is the quality and quantity of the materials controlled by the Certified Firm?

Yes No

c. If two party checks used, who are the parties identified as payable to:

d. Who makes arrangements for delivery of materials? _____

e. Material Invoices made out to: _____

f. Who scheduled delivery of materials? _____

g. In whose name area materials shipped? _____

h. Does the prime contractor direct whom the Certified Firm is to obtain the material from and at what price?

Yes No

5. Performance:

a. Does the Certified Firm appear to have control over methods of work on its contract items?

Yes No

b. Has any other contractor performed any amount of work specified in the Certified Firm contract?

Yes No

c. Are Certified Firm employees shown on the certified payroll?

Yes No

6. Suppliers/regular dealers:

a. Does the supplier/regular dealer have an established storage facility and inventory?

Yes No

b. Does the dealer have a business that sells the product being supplied to the public on a routine basis?

Yes No

c. Does the business stock the product being supplied as a normal stock item?

Yes No

d. Is the quantity and quality of the materials controlled by the Certified Firm?

Yes No

e. In whose name are the materials shipped? _____

f. Who is delivering and unloading the material? _____

g. Is the distribution equipment used in delivering the product the Certified Firm's?

Yes No

If so, is it: Owned Leased

h. If leased, is it a long term lease and not a lease developed specifically for the project?

Yes No

7. Distributors:

a. Does the distributor have current (no older than one year old) annual distributor or manufacturer's agreements that clearly identify the products that the certified vendor can provide that correspond with the certification categories?

Yes No

b. Does the distributor have a copy of the description of the manufacturer's qualifications for its exclusive distributors and/or manufacturer's representatives on the manufacturer's letterhead?

Yes No

c. Does the distributor have documentation on the manufacturer's letterhead that the product cannot be secured by the general public, which also includes the defined region for the agreement, the number of distributors within the region and whether or not the agreement is exclusive with the certified vendor?

Yes No

d. Does the distributor have Copies of documentation that support a sample product distribution flow (for a customer other than the City of Chicago) for each specialty area, which includes, but is not limited to:

- The invoice supporting the sale of the product to the customer;
- The invoice supporting the receipt of the product from the manufacturer by the vendor seeking initial or continued certification;
- Proof of payment from the customer;
- Proof of actual delivery using a common carrier that was paid for by the vendor seeking initial or continued certification to support that the product was drop shipped or delivered "just in time;"
- Annual market forecasts for the amount of product the vendor plans to sell annually and the proposed customers;
- Product activity reports of sales made in the last year to the firm's top five customers?

Yes No

e. In whose name are the materials shipped? _____

f. Who is delivering and unloading the material? _____

g. Is the distribution equipment used in delivering the product the Certified Firm's?

Yes No

If so, is it: Owned Leased

h. If leased, is it a long term lease and not a lease developed specifically for the project?

Yes No

8. Manufacturers:

a. Is the business's primary function to manufacturer products?

Yes No

b. Does the business stock the product manufactured or altered for this project as a normal stock item?

Yes No

c. Is the quality of the materials controlled by the Certified Firm?

Yes No

General Notes:
