CITY OF CHICAGO

MEMORANDUM

To: The Honorable Carrie M. Austin
Chairman, Committee on the Budget and Government Operations

From: David J. Reynolds
Commissioner

CC: Deanne Millison
Mayor's Office of Legislative Counsel and Government Affairs

Date: November 6, 2017

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 38-01 - North and Throop Move

The following information is in response to questions posed at our department's hearing on October 30, 2017 to discuss the proposed 2018 budget.

Alderman Waguespak requested a study on the impacts of the North and Throop Fleet Facility move.

2FM performed a number of studies throughout the process of determining the best way to distribute the functions located at 1685 N Throop. The studies were all working papers and no single study reflects the final approach to distributing the functions.

As an overview, some of the operations at 1685 N Throop are geographically-specific and others are not. Geographically-specific operations are those that provide services to a subset of the City's operations, such as a fuel station that services equipment deployed in its vicinity. Operations that are not geographically-specific are those that provide a City-wide service, such as 2FM's central mail operations; generally these functions are provided from a single location.

Geographically-specific operations at 1685 N Throop are the routine maintenance and repair of heavy-duty equipment, such as plow trucks, and the fuel site. Operations at 1685 N Throop that are not geographically-specific include the parts warehouse, central mail, new equipment receiving, fleet administration, fire equipment repair and maintenance, and significant projects that are beyond routine maintenance and repair, such as rebuilding the hopper of a refuse truck.

The routine maintenance and repair of heavy-duty equipment performed at 1685 N Throop will be relocated to a new shop to be built at 4243 N Neenah. The new shop at this location will provide north-side coverage for these operations and complement the operations of the other heavy-duty shops: 10101 S Stony Island, 5215 S Western, and 4233 W Ferdinand. Together these four shops provide excellent City-wide coverage.

The fuel site at 1685 N Throop will be relocated to 1150 N North Branch, approximately one mile south of the existing location. This location, along with the eleven other fuel sites 2FM operates, will continue to provide excellent coverage City-wide.

The parts warehouse and central mail have been permanently re-located to 1869 W Pershing; this location is arguably more central than the previous location at 1685 N Throop.

The remaining operations from 1685 N Throop will be relocated to the new facility at 6701 S Wentworth. These operations include new equipment receiving, fleet administration, fire equipment repair and maintenance, and significant projects that are beyond routine maintenance and repair. The operations are not geographically-specific and 2FM's customers will see no change to the level of service that they will receive at the 6701 S Wentworth site as compared to 1685 N Throop.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 38-03 - Overtime Spend

The following information is in response to questions posed at our department's hearing on October 30, 2017 to discuss the proposed 2018 budget.

Alderman Hairston requested information on Fleet and Facility Management's over-time spending. The 2017 over-time spending as of September 30th is \$2,575,644.02.

As always, please let me know if you have any further questions.

F413	300-330 E. 29th aka 2840 S C	Vacant PD 21 & 2nd Ward Yard	VACANT	2	4	1952	\$1,576.88	\$0.11	\$0.00	\$0.00	\$4,478.60	\$0.31	\$6,055.48	\$0.41	14,670

NOTES:

* Data in the table is arranged by square footage of facility so as to better illustrate vacant vs occupied ward yards of similar size

* Data for each ward yard is contained in the tabs below

ASSUMPTIONS:

* Gas and Electricity Costs are based on most recent data for prior 12 months

* Gas data was obtained from Constellation and from Energy Procurement - to be conservative the higher of the 2 numbers were utilized, some accounts had no usage

* Facility Ops Maintenance costs reflect the period from 1/1/2016 through 12/31/2016

* 300-330 E 29th aka 2840 S Calumet is a combined campus including a 11,520 square foot vacant police station and a 3,150 square foot vacant ward yard

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 38-05 - 2FM Map

The following information is in response to questions posed at our department's hearing on October 30, 2017 to discuss the proposed 2018 budget.

Alderman Waguespak requested a map of all locations that 2FM manages to show where all resources are deployed. 2FM is working closely with DSS to verify the locations and to create the map. 2FM is planning on completing the resource map by the end of the calendar year.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 38-09 - Pick-Up Trucks

The following information is in response to questions posed at our department's hearing on October 30, 2017 to discuss the proposed 2018 budget.

Alderman David Moore requested information about the number of pick-up trucks and the number of spares. There are 169 pick-up trucks detailed in the following chart.
