RE: Sewer Main Replacement Project #7140

Dear Neighbor,

In coordination with Mayor Rahm Emanuel's "Building a New Chicago" infrastructure improvement program, and at Alderman Quinn's request, I would like to provide you with information about an upcoming sewer main construction project in your neighborhood.

In September, the Department of Water Management's crews will begin the work to install a new sewer in W. Marquette Road (Lawndale-350' east), in W. 67th Place (Lawndale-350' east), in W. 68th Street (Lawndale-350' east), in W. 68th Place (Lawndale-350' east), and in W. 69th Street (Lawndale-350' east). The old sewer dates back to 1924 and needs to be replaced.

This project will require the full daytime closure of 69th Street, 68th Place, 68th Street, and 67th Place, east of Lawndale, one street at a time. In addition, we will require the full continuous closure of 67th Street while we replace the sewer main in that block. Traffic will be detoured. Outside of working hours, a travel lane on 67th Street will be left open for local traffic/emergency vehicles only.

We will post our work area for "No Parking" as needed during work hours (generally 7am-4pm). We are agreeable to parking outside of those hours, but cars will need to be moved by the start of the next workday. We will try to preserve as much parking as possible.

We know that construction always involves inconveniences and noise. We will do everything possible to maintain your quality of life throughout these projects, and conducting ourselves as good and thoughtful neighbors in the course of our presence on your street.

Should you have any questions or concerns, you can either ask the construction foreman during the project, or call any of the following numbers:

- 24-Hour Service and Information Line: 311
- 13th Ward Office: 773-581-8000
- DWM Office of Public Affairs: 312-744-6635

Lastly, if you don't already have one, I ask you to consider the installation of a water meter in your home to help you save money on your water bill. For more information on this free program, go to www.metersave.org.

Thank you in advance for your patience and cooperation during this important infrastructure improvement project.

Sincerely,

Barrett B. Murphy
Commissioner
