Dear Ms. Bowden:

In response to your recent request, please be advised that the Planned Development Number 523 ("PD 523"). You are seeking confirmation that a proposed cannabis transporter is a permitted use at this location.

Before we can determine the appropriate use category of your proposed business, and whether it is permitted, a description of the use along with a site plan showing the location within the boundaries of PD 523 is required. At a minimum, we need to know if the space will be limited to an office only and/or whether the storage of transportation vehicles will occur on site. Finally, if you are not the property owner, the consent of the property owner is also required.

Your request letter did not include a phone number or email address to contact you. Therefore, based on the limited information submitted with your request, we cannot confirm that a cannabis transporter is a permitted use at this location.
