PART FOUR: POTENTIAL IMPACT OF THE PROPOSAL

II Thirteen Purposes

2. To identify and establish the Lake Michigan and Chicago Lakefront Protection District and to divide that District into several zones wherein any and all development or construction, as specified in Article V hereinafter, shall be specifically restricted and regulated;
3. To maintain and improve the purity and quality of the waters of Lake Michigan;
4. To insure that construction in the Lake or modification of the existing shoreline shall not be permitted if such construction or modification would cause environmental or ecological damage to the Lake or would diminish water quality; and to insure that the life patterns of fish, migratory birds and other fauna are recognized and supported;
5. To insure that the Lakefront Parks and the Lake itself are devoted only to public purposes and to insure the integrity of and expand the quantity and quality of the Lakefront Parks;
6. To promote and provide for continuous pedestrian movement along the shoreline;
7. To promote and provide for pedestrian access to the Lake and Lakefront Parks from and through areas adjacent thereto at regular intervals of one-fourth mile and additional places wherever possible, and to protect and enhance vistas at these locations and wherever else possible;

9. To insure that no roadway of expressway standards, as hereinafter defined, shall be permitted in the Lakefront Parks;
10. To insure that development of properties adjacent to the Lake or the Lakefront Parks is so defined as to implement the above-stated purposes, provided, however, that with respect to property located within the Private Use Zone as established by Article V, VI, and IX of this Ordinance, the permitted use, special use, lot area per dwelling unit, and floor area ratio provisions of the Chicago Zoning Ordinance, Chapter 194A of the Municipal Code of Chicago, shall govern except where such provisions are in substantial conflict with the purposes of this Ordinance or the Fourteen Basic Policies of the Lakefront Plan of Chicago;
11. To achieve the above-stated purposes, the appropriate public agency should acquire such properties or rights as may be necessary and desirable;
12. To define and limit the powers and duties of the administrative body and officers as provided herein;
13. Nothing contained in the Lake Michigan and Chicago Lakefront Protection Ordinance shall be deemed to be a waiver or consent, license or permit to use any property or to locate, construct or maintain any building, structure or facility or to carry on any trade, industry, occupation or activity which may be otherwise required by law.

**ST. JAMES INTERESTS, LLC
LAKEFRONT PROTECTION APPLICATION
PROJECT NARRATIVE**

FOURTEEN BASIC POLICIES

1. ***Complete the publicly owned and locally controlled park systems along the entire Chicago lakefront.***

The proposed Project will not impede or interfere with the completion of the publicly owned and locally controlled park systems along the lakefront. The proposed Project is located several hundred feet from Lincoln Park on the west side of North Lakeview Avenue and even a greater distance from Lake Michigan. Given these distances, the Project's development will not interfere in any way with the completion of the park system.

2. ***Maintain and enhance the predominantly landscaped, spacious and continuous character of the lake shore parks.***

The proposed Project will not impede or interfere with this basic policy since the Project is located several hundred feet from the lakefront and any lakefront parks.

3. ***Continue to improve the water quality and ecological balance of Lake Michigan.***

The proposed Project will further this basic policy. The Subject Property is currently a vacant lot. Storm water tends to sheet unimpeded in several directions. The Project will have add landscaping to the public way and will have greenery on the various private decks. In addition, the proposed Project will have improved storm water diversion systems so that storm water will be diverted to the City's sewer system for treatment, thus ensuring water quality and balance in Lake Michigan.

4. ***Preserve the cultural, historical, and recreational heritage of the lakeshore parks.***

The proposed Project will not interfere with or impede furtherance of this basic policy. In fact, the proposed Project may promote the recreational heritage by provider the general public with a more convenient opportunity to use the lakefront parks.

5. ***Maintain and improve the formal character and open water vista of Grant Park with no new above-ground structures permitted.***

This basic policy is not applicable since the proposed Project is located several miles north of Grant Park.

**ST. JAMES INTERESTS, LLC
LAKEFRONT PROTECTION APPLICATION
PROJECT NARRATIVE**

6. *Increase the diversity of recreational opportunities while emphasizing lake-oriented leisure time activities.*

The proposed Project will not interfere with or impede furtherance of this basic policy. In fact, the proposed Project will bring many new residents to the lakefront, and those new residents will be able to enjoy the diverse recreational opportunities that the lakefront has to offer.

7. *Protect and develop natural lakeshore park and water areas for wildlife habitation.*

The proposed Project will not interfere with or impede furtherance of this basic policy. The proposed Project is located several hundred feet to the west of the lake front and will not impact existing wildlife habitat.

8. *Increase personal safety.*

The proposed Project will promote this basic policy. The proposed Project will bring new residents to the lakefront area. New residents means more street presence and activity which in turn leads to greater personal safety. In addition, the Project will improve and tastefully light what is currently a vacant lot. Improvement of vacant lots generally tends to have a positive impact on personal safety.

9. *Design all lake edge and lake construction to prevent detrimental shoreline erosion.*

This basic policy is not applicable since the proposed Project is not located at the lake's edge.

10. *Ensure a harmonious relationship between the lakeshore parks and the community edge, but in no instance will further private development be permitted East of Lake Shore Drive.*

The proposed Project will not interfere with or impede furtherance of this basic policy. The proposed Project is consistent with, if not smaller than, the surrounding area in terms of use and scale. Because of these attributes, the proposed Project provides an appropriate transition between the outer portions of the community edge and the lakeshore parks. The proposed Project does not include any development east of Lake Shore Drive.

**ST. JAMES INTERESTS, LLC
LAKEFRONT PROTECTION APPLICATION
PROJECT NARRATIVE**

- 11. *Improve access to the lakeshore parks and reduce through vehicular traffic on secondary park roads.***

The proposed Project will not interfere with or impede furtherance of this basic policy. The proposed Project will not affect access to lakeshore parks. Moreover, the proposed Project is located outside of the lakefront parks and thus will not affect secondary park road traffic.

- 12. *Strengthen the parkway characteristics of Lake Shore Drive and prohibit roadway and expressway standards.***

This basic policy is not applicable since the proposed Project is located well west of Lake Shore Drive and does not propose any roadway or expressway improvements.

- 13. *Ensure that all port, water supply, and public facilities are designed to enhance lakefront character.***

The proposed Project will not interfere with or impede furtherance of this basic policy. It should be noted that no port, water supply or publicly-owned facilities are proposed as part of the Project.

- 14. *Coordinate all public and private development within the water, park, and community zones.***

The proposed Project will promote this basic policy. The proposed Project has been designed so that it is integrated into the private zone and consistent with, if not less intense than, the bulk and density of surrounding buildings.

POTENTIAL IMPACT OF THE PROPOSAL

THIRTEEN PURPOSES

- 1. *To promote and protect the health, safety, comfort, convenience, and the general welfare of the people, and to conserve our natural resources;***

The Project will further this purpose in many respects. First, the building will be constructed in accordance with all applicable codes and requirements, thus ensuring the health and safety of the general public as well as the building residents. Second, the Project will allow people to live in close proximity to the lake, its recreational opportunities and downtown, all of which promote the comfort and convenience of residents of Chicago. Third, the Project will add to and diversify the housing stock of the

**ST. JAMES INTERESTS, LLC
LAKEFRONT PROTECTION APPLICATION
PROJECT NARRATIVE**

community. In addition, the project promotes the general welfare of the people by adding to the tax base. Finally, the building's incorporation of energy efficient materials, high efficiency heating, cooling, and water systems and energy efficient appliances promote conservatoin of resources and mitigate climate impacts.

2. ***To identify and establish the Lake Michigan and Chicago Lakefront Protection District and to divide that District into several zones wherein any and all development or construction, as specified in Article V hereinafter, shall be specifically restricted and regulated;***

The proposed Project falls within the Private Use Zone and is consistent with the District's policies, purposes and regulations.

3. ***To maintain and improve the purity and quality of the waters of Lake Michigan;***

The proposed Project should further this purpose. The subject property is currently vacant. Storm water likely sheets to adjacent properties, does not flow directly to the City's storm sewer system and thus affects the lakes water quality. The proposed Project will channel storm water directly to the City's storm sewer system for treatment before it is discharged to the lake. The new, modern system should provide an opportunity for improvement of the lake's water quality.

4. ***To insure that construction in the Lake or modification of the existing shoreline shall not be permitted if such construction or modification would cause environmental or ecological damage to the Lake or would diminish water quality; and to insure that the life patterns of fish, migratory birds and other fauna are recognized and supported;***

The proposed Project will not further or frustrate this purpose since the construction will take place far west of the shoreline. The proposed Project does not include any construction in the lake and does not involve any modification to the shoreline. Thus, the proposed Project will not affect the life patterns of fish, birds or other fauna.

5. ***To insure that the lakefront Parks and the Lake itself are devoted only to public purposes and to insure the integrity of and expand the quantity and quality of the Lakefront Parks;***

The proposed Project will be located on private property and will in no way affect or alter the public's use of lakefront parks.

**ST. JAMES INTERESTS, LLC
LAKEFRONT PROTECTION APPLICATION
PROJECT NARRATIVE**

6. *To promote and provide for continuous pedestrian movement along the shoreline;*

This purpose is not applicable to the proposed Project since the improvements will be located far west of the shoreline. Thus, it will not affect continuous pedestrian movements.

7. *To promote and provide for pedestrian access to Lake and Lakefront Parks from and through areas adjacent thereto at regular intervals of one-fourth mile and additional places wherever possible, and to protect and enhance vistas at these locations and wherever else possible;*

The proposed Project will not affect pedestrian access to the lake and the lakefront parks. The subject property is located on the west side of North Lake Shore Drive. Points of pedestrian access to the lake and lakefront parks are already located at West Fullerton Avenue and West Diversey Parkway. Additional points of access in proximity to the subject property are not reasonably possible. The vistas at these pedestrian access points are well established and landscaped. The Project will have no effect on these areas.

8. *To promote and provide for improved public transportation access to the Lakefront;*

This purpose is not applicable because the proposed Project will not affect public transportation access to the lakefront. Since the subject property is located in close proximity to North Cannon Drive and North Clark Street bus routes, demand for public transit may increase in the area. Such increase could result in the provision of new public transit opportunities to serve increased demand. Those new opportunities could improve public transit options to the lakefront.

9. *To insure that no roadway of expressway standards, as hereinafter defined, shall be permitted in the Lakefront Parks;*

The proposed Project does not include any roadways of expressway standards so it furthers this particular purpose.

10. *To insure that development of properties adjacent to the Lake or the Lakefront Parks is so defined as to implement the above-stated purposes, provided, however, that with respect to property located within the Private Use Zone as established by Article V, VI, and IX of this Ordinance, the permitted use, special use, lot area per dwelling unit, and floor area ratio provisions of the Chicago Zoning Ordinance, Chapter 194A of the Municipal Code of Chicago, shall govern except where such provisions are in*

LAKEFRONT PROTECTION APPLICATION
PROJECT NARRATIVE**

substantial conflict with the purposes of this Ordinance or the Fourteen Basic Policies of the Lakefront Plan of Chicago;

The proposed Project furthers this purpose because it conforms the use and floor area ratio limitations of the Chicago Zoning Ordinance.

- 11. To achieve the above-stated purposes, the appropriate public agency should acquire such properties or rights as may be necessary and desirable;***

This purpose is not applicable to the proposed Project because no acquisition of the subject property by a public agency is contemplated.

- 12. To define and limit the powers and duties of the administrative body and officers as provided herein;***

Neither the proposed Project or this application defines or limits the powers and duties of those public officials charged with administration of the Lake Michigan and Chicago Lakefront Protection Ordinance.

- 13. Nothing contained in the Lake Michigan and Chicago Lakefront Protection Ordinance shall be deemed to be a waiver or consent, license or permit to use any property or to locate, construct or maintain any building, structure or facility or to carry on any trade, industry, occupation or activity which may be otherwise required by law.***

The Applicant understands and agrees that nothing contained in the Lake Michigan and Chicago Lakefront Protection Ordinance shall be deemed to be a waiver or consent, license or permit to use any property or to locate, construct or maintain any building, structure or facility or to carry on any trade, industry, occupation or activity which may be otherwise required by law.

438 West St. James Place

Development of new Residential Building with 5 Luxury Residences

- 1 Simplex Unit with 3 bedrooms, 3 Full Baths, 1 Parking Space
- 3 Duplex Units with 5 Bedrooms, 5 Full Baths, 1 Parking Space per home
- 1 Penthouse Unit 5 Bedrooms, 5 Full Baths, 1 Parking Space

• Multiple Private Terraces for All Units • Private Elevator Entrances • Emergency Generator • 5 Parking Spaces (Includes 1 ADA) • Heated Concrete Driveway and Sidewalk • Silent Red light turns on when garage door is opening and closing • Planters on decks • Greenery in front yard

While 438 W. St. James Place's R6 zoning allows 16 units, we chose to design only five spacious luxury condominiums to complement its luxury neighbors. Our lot is surrounded by the magnificent park and luxury buildings of 2550 N. Lakeview (PD853) which is made of two towers, the tallest being 39 stories, both with over 200 luxury condominiums of up to 8000 sf.; our east neighbor, a 7200 -sf. single family home, at 424 W. St. James (the Morningstar mansion); and the newer luxury 425 W. Deming row homes, to the north.

The choice to design a contemporary building and the materials chosen are a direct nod to the architectural design of our east neighbor, The Morning Star Mansion; an effort to complement and to be kindred in the design and materials of brick, glass, steel, concrete, and metal panels in black, white and gray thus completing the envelope around the expansive gardens of 2550 N. Lakeview and their row homes on Deming which are built with a thoughtful blend of contemporary and traditional styles. Their rear yards facing our shared views of the lush park of the planned development. Lincoln Park is community of new and old, contemporary, and traditional architecture, built with every variety of materials, living harmoniously and beautifully together, the prime example being St. James Place.

We consulted with several top real estate agents and determined that many purchasers want very modern new construction, spacious luxury condominiums in Lincoln Park and over all there is a deficit of luxury properties in Lincoln Park. Purchasers elect to move out of the neighborhood to areas such as the Gold Coast, River North, and West Loop because there are no modern new construction luxury developments being built in Lincoln Park. A buyer can get a traditional, classic style luxury condo at 2550 N Lakeview next door, only a few of the 200+ units are available or 2350 N. Orchard, with only a few units left there also. Due to the pandemic many people are working from home and want large square footage, many rooms for one or two offices, and expansive outdoor space. They want very modern architecture and modern floor plans in a boutique building. Our proposed building fills this niche in Lincoln Park, with spacious, 5 bedrooms, some with studies and multiple outdoor spaces, with a private elevator in an ultra-boutique building.

Cognizant of several hundred residential units without parking on this one-way, single block of St James (176 apartments in the 13-story building next door alone) it is vital we provide our owners with onsite parking. For one hundred years the land of 438 housed a 3.5 story building, built directly on its entire west lot line, which had parking in the rear for five cars. All cars were required to do a three-point turn, as 438 W. St. James is landlocked, like all the buildings on the street, and too narrow to have parking any other way. Parking on the site is essential. With our proposed building having a reduced number of residents, projected at 1-4 per unit, traffic will be impacted minimally. The garage to the east is an exit to the entire PD of 2550 Lakeview with hundreds of cars. Every capable precaution will be taken for the residents and pedestrians, including a silent red light that turns on for cars coming and going, a heated driveway and heated sidewalks, in our fully sprinkled building, with an emergency generator and green space will be added at every opportunity.

As for the history of the process, we purchased 438 W. St. James with an inherited set of plans for a 10 story, 7-unit building, who's previous owner's architect presented several designs to, and had several discussions with, the members of In-take for Planning and Lakefront regarding these designs. Some of the discussions focused on earlier designs with wide driveways and parking in the front of the building. The architect informed us that he believed he had addressed these concerns by adding green space and changing parking location, reducing the width of the driveway, in his last iterations provided just one year ago. He did not finish the process because the owner's partnership dissolved. 438 W. St. James is a narrow land locked 33.33 x 146 lot, there are limited options. We took the former architects final plans and alterations into consideration when designing a similar building but decreased the units to five luxury, spacious condominiums.

Dear Property Owner:

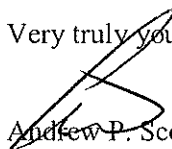

In accordance with the requirements with the requirements of Section 16-4-100 of the Lake Michigan and Chicago Lakefront Protection Ordinance, please be informed that on or about March 29, 2022, the undersigned intends to file an application with the Chicago Plan Commission to receive authorization for certain improvements, as described below, to the property commonly known as 438 West St. James Place (the "Property").

The applicant, St. James Interests, LLC, proposes to develop the Property with a 10-story, five unit residential building with five off street parking spaces.
